this book explores the impact that high profile and well known translators have on audience reception of translated theatre using relevance theory as a framework the book demonstrates how prior knowledge of a celebrity translator's contextual background can affect the spectator's cognitive state and influence their interpretation of the play three canonical plays adapted for the british stage are analysed mark ravenhill's translation of life of galileo by bertolt brecht roger mcgough's translation of tartuffe by molière and simon stephens translation of a doll's house by henrik ibsen drawing

on interviews audience feedback reviews blogs and social media posts stock examines the extent to which audiences infer the celebrity translator s own voice from their translations in doing so he adds new perspectives to the long standing debate on the visibility of the translator in both the process of translating and the reception of the translation celebrity translation in british theatre offers an original approach to theatre translation that sheds light on the culture of celebrity and its capacity to attract new audiences to plays in translation

in the one hundred and ten years covered by volume four of the oxford history of literary translation in english what characterized translation was above all the move to encompass what goethe called world literature this occurred paradoxically at a time when english literature is often seen as increasingly self sufficient in europe the culture of germany was a new source of inspiration as were the medieval literatures and the popular ballads of many lands from spain to serbia from the mid century the other literatures of the north both ancient and modern were extensively translated and the last third of the century saw the beginning of the russian vogue meanwhile as the british presence in the east was consolidated translation helped readers to take possession of exotic non european cultures from persian and arabic to sanskrit and chinese the thirty five contributors bring an enormous range of expertise to the exploration of these new developments and of the fascinating debates which reopened old questions about the translator s task as the new literalism whether scholarly or experimental vied with established modes of translation the complex story unfolds in britain and its empire but also in the united states involving not just translators publishers and readers but also institutions such as the universities and the periodical press nineteenth century english literature emerges as more open to the foreign than has been recognized before with far reaching effects on its orientation

this book investigates the hybrid multiform nature of contemporary poetry with particular emphasis on recent russian lyric and its translations into german and english poetry translation thriving and obstinately open ended is not so much a defined process as a practice of ongoing transit across linguistic and national borders the book s innovative format invites contemporary poets into dialogue with literary translators editors publishers and scholars the conversations among their wide ranging essays poems and exchanges both model and investigate the work of transcultural dialogue as a kind of transition poetry translation engages the composition and disintegration of forms revises relations of producers to receivers mixes and rethinks genres and media translates itself as multilingual writing or language experiment multiple translations of a poem do not compete but interact reshaping the putative gulf between source and target language in the end this volume underscores the aesthetic productivity of poetry translation and the need to nurture it a must read for anyone interested in the dynamic interplay of poetry language and culture

the interest of the writers of these essays in the intricacies and implications of translation in the middle ages or of the translation of medieval texts in te modern period has resulted in a diverse and intellectually stimulating volume the papers in this volume written in either english french or spanish approach translation from a wide variety of perspectives and offer a range of interpretations of the concept of translation the volume contains essays

ranging in time from the anglo saxon period to the present and in topic from medieval recipe books to arguments in favour of women administering the sacrament languages studied include non european languages as well as latin and numerous european vernaculars as both source and target languages as any translator or student of translation quickly becomes aware it is impossible to divorce language from culture all the contributors to this volume struggle with the complexities of translation as a cultural act even when the focus would seem to be specifically linguistic it is these complexities which lend the study of the theory and practice of translation in the middle ages its enduring fascinatio

this volume explores the theoretical foundations of postcolonial translation in settings as diverse as malaysian ireland india and south america changing the terms examines stimulating links that are currently being forged between linguistics literature and cultural theory in doing so the authors probe complex sequences of intercultural contact fusion and breach the impact that history and politics have had on the role of translation in the evolution of literary and cultural relations is investigated in fascinating detail published in english

introducing translation studies remains the definitive guide to the theories and concepts that make up the field of translation studies providing an accessible and up to date overview it has long been the essential textbook on courses worldwide this fourth edition has been fully revised and continues to provide a balanced and detailed guide to the theoretical landscape each theory is applied to a wide range of languages including bengali chinese english french german italian punjabi portuguese and spanish a broad spectrum of texts is analysed including the bible buddhist sutras beowulf the fiction of garcía márquez and proust european union and unesco documents a range of contemporary films a travel brochure a children s cookery book and the translations of harry potter each chapter comprises an introduction outlining the translation theory or theories illustrative texts with translations case studies a chapter summary and discussion points and exercises new features in this fourth edition include new material to keep up with developments in research and practice including the sociology of translation multilingual cities translation in the digital age and specialized audiovisual and machine translation revised discussion points and updated figures and tables new in chapter activities with links to online materials and articles to encourage independent research an extensive updated companion website with video introductions and journal articles to accompany each chapter online exercises an interactive timeline weblinks and powerpoint slides for teacher support this is a practical user friendly textbook ideal for students and researchers on courses in translation and translation studies

following the theoretical framework nida had developed over decades of work on translation and semiotics the two authors offer an easily comprehensible analysis of the complex problems involved in translation after a critical review of the historical development of translation theory in the light of modern information theory they elucidate the most fundamental principles of translation in accordance with the concept of dynamic equivalence the treatment is closely related to actual translation practice and the principles elucidated are applicable to all types of translation though most of the examples analyzed are taken from translations between chinese and english this new and expanded edition has two main parts

part i is the complete text of the original work as published in the early 1980s part ii consists of six of professor jin s more recent essays which provide further insights into the principle of equivalent effect and its applications in literary translation particular attention is paid to practical procedures and the extremely complex relationship between creative translation and real fidelity published by city university of hong kong press 2002

since the first written documents in the history of mankind produced at the end of the 4th millennium bc translation has always played a pivotal role in human societies translators were needed whenever the need for contact between different speaking communities arose such as for the purposes of communication commerce and declarations of war or peace translation is even more important in today s world globalization has brought the nations of the earth closer to the extent that books movies and television programs released or aired far away in the world are just a click of the mouse away however such cultural products still have to be translated in order to be enjoyed by a wider audience in international relations diplomacies work very much on the basis of what is said and written meaning that official documents and political charts need to be correctly and precisely translated hi tech devices such as tablets and smartphones have their software translated into an increasing number of languages in order to be accessible to a larger number of people the challenging issues that arise for translation studies from these socio cultural changes in western europe and all over the world are tackled in this volume according to two intertwined viewpoints from a strictly linguistic perspective typological differences between genetically unrelated languages challenge linguists in gaining an overall understanding of what language really is how can linguistic categories be they verbal nominal or pertaining to other domains of the grammar be defined how are they shaped in syntax from the point of view of anthropological linguistics on the other hand the cross linguistic differences that come to the fore illustrate that translating as well as language itself is one of the basic cognitive strategies of the human mind

the definition of value or quality with respect to work in translation has historically been a particularly vexed issue today however the growing demand for translations in such fields as technology and business and the increased scrutiny of translators work by scholars in many disciplines is giving rise to a need for more nuanced more specialized and more explicit methods of determining value some refer to this determination as evaluation others use the term assessment either way the question is one of measurement and judgement which are always unavoidably subjective and frequently rest on criteria that are not overtly expressed this means that devising more complex evaluative practices involves not only quantitative techniques but also an exploration of the attitudes preferences or individual values on which criteria are established intended as an interrogation and a critique that can serve to prompt a more thorough and open consideration of evaluative criteria this special issue of the translator offers examinations of diverse evaluative practices and contains both empirical and hermeneutic work topics addressed include the evaluation of student translations using more up to date and positive methods such as those employed in corpus studies the translation of non standard language translation into the second language terminology the application of theoretical criteria to practice a social textual perspective and the reviewing of

literary translations in the press in addition reviews by a number of literary translators discuss specific translations both into and out of english in translation changes everything leading theorist lawrence venuti gathers fourteen of his incisive essays since 2000 the selection sketches the trajectory of his thinking about translation while engaging with the main trends in research and commentary the issues covered include basic concepts like equivalence retranslation and reader reception sociological topics like the impact of translations in the academy and the global cultural economy and philosophical problems such as the translator s unconscious and translation ethics every essay presents case studies that include venuti s own translation projects illuminating the connections between theoretical concepts and verbal choices the texts drawn from a broad variety of languages are both humanistic and pragmatic encompassing such forms as poems and novels religious and philosophical works travel guidebooks and advertisements the discussions all explore practical applications whether writing publishing reviewing teaching or studying translations venuti s aim is to conceive of translation as an interpretive act with far reaching social effects at once enabled and constrained by specific cultural situations this latest chapter in his developing work is essential reading for translators and students of translation alike
