two young slave girls escape from a plantation in mississippi and wind a hazardous route toward freedom in canada via the underground railroad

two young slave girls escape from a plantation in mississippi and wind a hazardous route toward freedom in canada via the underground railroad

there s a place the slaves been whisperin around called canada mammy tells her daughter one night the law don t allow no slavery there the very next morning a ruthless slave trader separates julilly from her mother taking julilly to a plantation in the dreaded deep south the slave quarters there are crowded and filthy and the slaves are as frail and thin as shadows the cruel overseer lashes out with his whip at every opportunity so when julilly gets a chance to escape she and her crippled friend liza don t hesitate despite their terror of what will happen if they are caught they go disguised as boys hiding by day and running by night along the way they are helped by courageous people who hide them in secret stations of the underground railway and they are pursued constantly by slave hunters and bloodhounds each close brush with danger brings them a step closer to canada and freedom

during the roman transition from republic to empire in the first century b c e the poet horace found his own public success in the era of emperor augustus at odds with his desire for greater independence in horace between freedom and slavery stephanie mccarter offers new insights into horace s complex presentation of freedom in the first book of his epistles and connects it to his most enduring and celebrated moral exhortation the golden mean she argues that although horace commences the epistles with an uncompromising insistence on freedom he ultimately adopts a middle course she shows how horace explores in the poems the application of moderate freedom first to philosophy then to friendship poetry and place rather than rejecting philosophical masters horace draws freely on them without swearing permanent allegiance to any a model for compromise that allows him to enjoy poetic renown and friendships with the city s elite while maintaining a private sphere of freedom this moderation and adaptability mccarter contends become the chief ethical lessons that horace learns for himself and teaches to others she reads horace s reconfiguration of freedom as a political response to the transformations of the new imperial age

this volume introduces a new way to study the experiences of runaway slaves by defining different spaces of freedom they inhabited it also provides a groundbreaking continental view of fugitive slave migration moving

beyond the usual regional or national approaches to explore locations in canada the u s north and south mexico and the caribbean using newspapers advertisements and new demographic data contributors show how events like the revolutionary war and westward expansion shaped the slave experience contributors investigate sites of formal freedom where slavery was abolished and refugees were legally free to determine the extent to which fugitive slaves experienced freedom in places like canada while still being subject to racism in sites of semiformal freedom as in the northern united states fugitives claims to freedom were precarious because state abolition laws conflicted with federal fugitive slave laws contributors show how local committees strategized to interfere with the work of slave catchers to protect refugees sites of informal freedom were created within the slaveholding south where runaways who felt relocating to distant destinations was too risky formed maroon communities or attempted to blend in with free black populations these individuals procured false documents or changed their names to avoid detection and pass as free the essays discuss slaves motivations for choosing these destinations the social networks that supported their plans what it was like to settle in their new societies and how slave flight impacted broader debates about slavery this volume redraws the map of escape and emancipation during this period emphasizing the importance of place in defining the meaning and extent of freedom contributors kyle ainsworth mekala audain gordon s barker sylviane a diouf roy e finkenbine graham russell gao hedges jeffrey r kerr ritchie viola franziska m ller james david nichols damian alan pargas matthew pinsker a volume in the series southern dissent edited by stanley harrold and randall m miller

cassandra pybus adds greatly to the work of previous scholars by insisting that slaves stand at the center of their own history her biographies of flight expose the dangers that escape entailed and the courage it took to risk all for freedom only by measuring those dangers can the exhilaration of success be comprehended and the unspeakable misery of failure be appreciated ira berlin from the foreword during the american revolution thousands of slaves fled their masters to find freedom with the british epic journeys of freedom is the astounding story of these runaways and the lives they made on four continents having emancipated themselves with the rhetoric about the inalienable rights of free men ringing in their ears these men and women struggled tenaciously to make liberty a reality in their own lives this alternative narrative of freedom fought for and won is uniquely compelling historian cassandra pybus s groundbreaking research has uncovered individual stories of runaways who left america to forge difficult new lives in far flung corners of the british empire harry for example one of george washington s slaves escaped from mount vernon in 1776 was evacuated to nova scotia in 1783 and eventually relocated to sierra leone in west africa with his wife and three children ralph henry who ran away from the virginia firebrand patrick henry in 1776 took a similar path to precarious freedom in sierra leone while others such as john moseley and john randall were evacuated with the british forces to england stranded in england without skills or patronage during a period of high unemployment they were among thousands of newly freed poor blacks who struggled just to survive while some were relocated to sierra leone others like moseley and randall found themselves transported to the distant penal colony of botany bay in australia epic journeys of freedom written in the best tradition of history from the bottom up is a fascinating insight into the meaning of liberty it will change forever the way we think about the american revolution

the book is a collection of papers about indigenous aboriginal ethnic and fugitive groups from different countries regions and areas the book s chapters are written by scholars from different disciplines who exemplify these groups way of life problems etc from educational aspects governmental aspects aspects of human rights economic statues legal statues etc the chapters describe their difficulties but also their will to preserve their culture and language and make their life better

the united states is in a crisis of freedom influenced by neoliberal economics the concept of freedom has become identified with an abstract radical individualism disdainful of responsibility to others and to the past signs of this crisis crop up everywhere some invoke freedom as justification for refusing to wear a mask in a pandemic others argue that freedom is an empty word if it s celebrated apart from an honest engagement with the country s history of racism created freedom under the sign of the cross offers a catholic theological response to this crisis of freedom catholic social ethics may be better known for its emphasis on social principles like the common good and solidarity but developments in catholic theologies of freedom in the last decades provide fertile ground from which to develop a bold creative response to this american crisis of freedom in this book theologian david decosse draws on thinkers ranging from philosopher amartya sen to black catholic theologian shawn copeland to twentieth century theological giant karl rahner in order to reimagine american freedom in light of classic catholic emphases on embodiment relationship history the good and god the result is a catholic public theology that provides a redemptive path forward in an age of

crisis

the high priesthood of being gay is a labor of love over 12 years in the writing it included numerous often exhausting edits for accuracy and truthfulness its a bold attempt to separate out being and nothingness in what it is to be gay both sacred and profane emotional and intellectual it will expand the readers thought processes and i hope ennoble him at the same time thats by showing the latent high priest deeply enshrined within

this collection of papers results from the 15th annual meeting of the african literature association which was held in dakar senegal and was the first such meeting to be held in africa topics covered include approaches and literary theory language and history thematic analysis and literature in the african diaspora

brings together articles by cardinal joseph ratzinger previously published in the north american edition of *communio international catholic review*
