the study aims to probe into the sandf s strategic purpose for implementing the msds and whether the learners acquire the skills they regard

declared as essential the study will also investigate whether the msds fulfils the learners career aspirations and further asses their view regarding the programme

much has changed in warfare in recent years with america now dominant on the international scene and terrorism the new enemy in light of these changes the need for moral grounding in military actions is a more pressing concern than ever when it was originally published moral issues in military decision making reflected the concerns posed by nuclear stalemate and the lessons of vietnam in that highly praised work anthony hartle outlined the essential elements of the professional military ethic created for american military forces in this new edition he reexamines the moral foundations for america s military leadership in the post 9 11 era considering world affairs since the first edition the gulf war bosnia afghanistan iraq 9 11 and the emergence of the united states as an unrivaled military power hartle explains how these events have raised ethical issues that differ dramatically from those of the cold war by the war on terrorism homeland defense asymmetric warfare the proliferation of american military interventions and the un s role in peacekeeping operations using meticulously analyzed case studies twice as many as in the first edition he considers such moral dilemmas as torture challenging superior officers use of overwhelming force and responding to fire in the presence of civilian shields in this revision hartle examines further the status of professional military ethics in light of current affairs changes in the articulation of military values and recent research in a new chapter on human rights he relates moral principles directly to values embedded in the constitution and argues that overwhelming american military power cannot succeed unless it is accompanied by the moral force of the values it seeks to protect difficulties of applying conventional laws of war and human rights doctrine in military operations hartle convincingly shows that national security is as much about the preservation of moral principles as it is about the protection of america s citizens and borders his book demonstrates that the american military must continue to observe those principles in order to be effective in its primary mission

sified after 90 days in their initial unit assignment awol and non awol soldiers were then compared to determine whether certain factors could be used to predict which soldiers would go awol or could predict ratings of acquired military skills and of leadership potential the results indicate that awol and non awol subjects differed on personality education intelligence aptitude and military component no differences were found in attitude toward the army race or physical status awol and non awol subjects differed in age during initial unit assignment but only among 17 and 18 year old soldiers during basic combat training only 19 year old and older subjects differed in career orientation in general the same factors that were related to awol were related also to military skill and leadership potential author

as the united states scales back its military on the one hand and increasingly perceives its own security to be linked with broader international stability and security on the other the united states need for low cost effective means of international influence and leverage will expand commensurately in this new post cold war environment u s training programs are likely to assume greater importance this note examines the role that u s foreign military training in internal defense and development idad skills can play in improving friendly and allied countries stability and security specifically this note 1 assesses the current status of department of defense foreign internal defense fid and idad training 2

determines the issues that need to be addressed in making this training adequate and 3 begins to answer the question of whether or not the united states provides the most appropriate training possible to developing countries militaries international military students train alongside u s military students at military training institutions in the continental united states yet u s training is designed to meet the demands of a large technologically sophisticated armed force on a conventional ostensibly european battlefield and does not address the needs of many foreign militaries indeed the preponderance of u s courses focuses on logistical tactical and support operations for conventional battlefield warfare while many developing countries have less conventional training requirements often for internal rather than external security nonetheless there are u s courses both advanced courses and basic training in tactics techniques and procedures ttp that are applicable to the unique requirements of many developing countries

one of the largest and most feared military forces in the world the red army was a key player in advancing the cause of soviet socialism rising out of revolutionary era citizen militias it aspired to the greatness needed to confront its cold war adversaries but was woefully unprepared to change with the times in this first comprehensive study of the soviet officer corps roger reese traces the history of the red army from civil war triumph through near decimation in world war ii and demoralizing quagmire in afghanistan to the close scrutiny it came under during gorbachev s reform era reese takes readers inside the red army to reconstruct the social and institutional dynamics that shaped its leadership and effectiveness over seventy three years he depicts the lives of these officers by revealing their class origins life experiences party loyalty and attitudes toward professionalism he tells how these men were shaped by russian culture and soviet politics and how the communist party dominated every aspect of their careers but never allowed them the autonomy they needed to cultivate a high level of military effectiveness despite its struggle to develop and maintain professionalism the officer corps was often hampered by factors inextricably intertwined with the soviet state marxist theory revolutionary ideology friction between party and non party members and the influence of the army s political administration organs reese shows that by rejecting the western bourgeois model of military professionalism the state greatly limited its officer corps ability to develop a more effective military while a sense of group identity emerged among officers after world war ii it quickly lost relevance in the face of postwar challenges especially the war in afghanistan which underscored fatal flaws in command leadership red

commanders offers new insight into the workings of a military giant and also restores Leon Trotsky to his rightful place in Soviet military history by featuring his ideas on building a new army from the ground up. It is an important look behind the scenes at a military establishment that continues to face leadership challenges in Russia today.
