there is evidence that the knowing of spirituality can be unified with the observations

of science through two geometric symbols consisting of the triangle and the arc and their aspects author carroll shows how through the millenniums religions have intuited the importance of these shapes and incorporated their symbolism throughout their beliefs while these same shapes have been found by modern science to be the essence of life and the cosmos this shared geometry is not mere coincidence in the study of our collective symbolism through the eyes of both science and spirituality we find ourselves in relation to the whole and our respective parts to play in this awe inspiring universe of life

considers three models consumer flow dollar flow and full model in generic system without at risk contracting generic system with full capitation and full transfer of utilization risk and generic system with partial case rate funding shared utilization risk and centralized utilization management the blueprints of state systems covers consumer flow dollar flow and full model in arizona pre and post reform systems oregon pre and post reform systems and washington state pre and post reform systems and a comparison of the three state systems

explains the meaning given by diverse cultures in various eras to animals plants patterns man made objects and abstract forms
