any list of the world s great hunters would have to include murry burnham few people even including professional guides can match the diverse experience and astonishing success record of his widely known designer and producer of hunting equipment he is equally adept at hunting deer and big game and at calling foxes coyotes and bobcats his game getting wizardry is legendary and now he has teamed with the very popular outdoor writer russell tinsley to tell you how he does it

tober considers the activities of nonprofit organizations that attempt to influence public policy dealing with wildlife the author favors those organizations interested in preserving such wildlife

rather than those that foster hunting or that assess the value of wildlife in the context of economic development tober provides sketches of the makeup of the various organizations covered the constituents they serve their budgets and the means they use to influence public policy the author focuses particularly on the late 1970s and the 1980s and uses the controversies over preserving the california condor and the bobcat as case studies choice our relationship with the millions of other species with which we share this earth is institutionalized by many organizations some of which seek to influence policy in the wildlife arena wildlife and the public interest is a study of this complex wildlife industry examining the structure conduct and performance of those involved it studies the extreme complexity of the policy process with regard to the relationship between humans and wildlife a special focus in this book is on the role of nonprofit organizations that have come to dominate large segments of the industry students and scholars of public policy or environmental and resource policy as well as the general reader interested in this important topic will find wildlife and the public interest an invaluable resource the book begins with a characterization of current wildlife policy further chapters discuss the wildlife industry what is wildlife how do we interact with it what sort of organizations exist in the interest of wildlife two current case studies of the evolution of the controversial captive breeding program for the california condor and of the regulation of harvest and export of the bobcat explore the complexities of policy making and the range of nonprofit activity finally the book examines the community of nonprofit organizations in an interorganizational setting
