in defense of self and others comprehensively addresses the issue of the use of deadly force by law enforcement officers beginning with a survey and analysis of the legal standards that define the authority of law enforcement officers to use deadly force the book provides a detailed discussion of the practical elements that affect an officer's capacity to perceive a threat and to respond in an appropriate and timely fashion for example observing that law enforcement officers are always in a reactive mode and responding to the actions of others the book explains the limitations imposed by the principle that action beats reaction and that officers are generally compelled to make quick decisions under severe time constraints a thorough discussion of wound ballistics serves to emphasize the realities and constraints that arise illustrating that officers do not possess a reliable means of instantaneously stopping a perceived threat and explaining why officers are trained to fire multiple shots there are additional chapters that discuss tactics and training physiological factors of high intensity stress suicide by cop the effects of

policy and training on the ability of officers to make appropriate decisions regarding the use of force and much more numerous case histories are cited to illustrate the points made undoubtedly the most unique aspect of this book is the expertise of the authors acquired during almost 60 years of combined law enforcement experience patrick and hall s expertise reflects a blend of the legal with that practical that is unprecedented it is also faithful to the admonition of the supreme court of the united states that a proper review of this topic must be from the perspective of a reasonable officer on the scene the book stands alone as a source of information for the law enforcement legal and educational communities it will also be of great interest and benefit to the media and to the general reader who is interested in this important and frequently controversial topic the information in this book will save law enforcement officers lives both on the street and in the courts i ve never read a book where every page is loaded with useful information there is no filler in this book i ve testified on behalf of many law enforcement officers on use of force and deadly force the case studies and analysis supplied in this book are invaluable to those investigating reviewing or defending officer involved shootings and uses of deadly force the authors do an excellent job of translating the legal jargon into understandable language this is a must read for every american peace officer his or her family attorneys for agencies and jurisdictions and everyone who supports the institution of civilian policing in our country the investment will save millions of dollars from designing outstanding training for law enforcement officers so that they win in the street and defending against frivolous lawsuits by those engaging in the lottery mentality of filing claims based upon ignorance or distortions of facts as a police family this book provides great peace of mind for understanding the law and right and need for law enforcement officers to use deadly force to defend themselves and every law abiding american michael p gardner posted review on amazon com john hall is a true american law enforcement icon the world s leading expert on this topic he and pat patrick have done an invaluable service to all of us sheep dogs in law enforcement and the military by explaining why the law is on our side any attorney assigned the task of investigating or defending our actions must read this book david g bolgiano posted review on amazon com in defense of self and others would make a very good text in any number of criminal justice related classes acjs today

this is the third edition of the book that takes to heart the adage play is children s work believing that play is a primary factor in the development of intelligence personality competencies self awareness and social awareness the

authors demonstrate how to draw from spontaneous play both the methods and the content of a successful curriculum for children from birth to age eight the book introduces the theories of piaget vygotsky erikson mead and many contemporary researchers explores the traditional curriculum arenas of early childhood education and includes discussion of the role of work adult models and authority in children s play for teachers specializing in early childhood education pre school teachers day care personnel parents and anyone with an interest and involvement in the education development and care of young children

while many employers may not want to hire someone with a criminal record others are willing to give ex offenders a second chance and help them get back on their feet and move ahead with their lives indeed we live in a society that both admires and supports people who can pick themselves up change their lives and go on to achieve their dreams but what should ex offenders do in order to land a good job where should they go to find a job they do well and enjoy doing here s the book that provides important answers to many re entry questions facing ex offenders beginning with an examination of 20 myths realities and 22 principles for success two of america s leading employment experts reveal 10 steps to job and career success examine and change your attitudes conduct research on jobs and communities seek assistance and become proactive write effective resumes and letters select appropriate job search approaches network for information advice and referrals assess your skills and identify your mas develop winning job interview skills state a powerful objective negotiate salary and benefits like a professional a final chapter goes one step further in examining what to do once you ve landed the job how to survive and prosper on the job as well as advance your career rich in insights and filled with practical examples exercises and resources here s the book that can make a big difference in the lives of ex offenders follow each step and you ll begin meeting employers who will want to hire you because of your unique talents and your new attitudes and motivations you will find a job that you both do well and enjoy doing
