the first architect designed gas station a pittsburgh gulf station in 1913 was also the first to offer free road maps the familiar shell name and logo date from 1907 when a british mother of pearl importer expanded its line to include the newly discovered oil of the dutch east indies the first enclosed gas stations were built only after the first enclosed cars made motoring a year round activity and operating a service station was no longer a seasonal job the system of octane rating was introduced by sun oil as a marketing gimmick 74 for premium in 1931 as the number of true gas stations continues its steady decline from 239 000 in 1969 to fewer than 100 000 today the words and images of this book bear witness to an economic and cultural phenomenon that was perhaps more uniquely american than any other of this century jacket

the american gas station is a nostalgic history of the service station and the american car culture it helped create an exceptional chronicle of the birth of roadside architecture the development of gasoline pumps corporate trademarks and gas station memorabilia

business historians often look to big firms or commodities markets to provide case studies examples of single actions by single individuals or corporations can be used as examples to prepare students for specific problems they might encounter in business the development of industries such as gas stations however provides a more general way to think about how business decisions are made in the market gas station function and design developed in response to practical problems in the industry whereas gasoline providers were few in number gas stations were plentiful inventions and innovations at various stations meant that there was much experimentation and differentiation in the market over time the solutions to technical problems were disseminated and the efficiency of putting gas in your automobile increased substantially the history of gas stations demonstrates how dispersed market based solutions were able to shape an increasingly efficient industry in historical cases we like to look for a single moment of decision but when change is gradual dispersed and seemingly undirected we need to look for larger processes at work how can we best explain the development of the gas station what forces directed its evolution and what can we learn about how the market shapes industries

an illustrated celebration of this american cultural icon traces gas station history and style from the earliest roadside pumps to the present using archival photographs to focus on the heyday of the streamlined station
