to progress successfully through all of their stages of development children need to grow up in good communities good communities do not occur without viable productive families in restoring power to parents and places author richard kordesh makes a compelling call for the productive familys renewal and provides creative steps for parents professionals and policymakers to take to strengthen communities around all children kordeshs experiences as a planner professor and father have taught him that productive families are vitally important to the creation of good communities around children he details historically and with contemporary examples the forces in our society that place stresses on families in all sectors restoring power to parents and places presents a pointed critique of economic and political forces that have harmed families but it also offers practical suggestions for action by parents community leaders community development and planning professionals and governments at the local state and federal levels restoring power to parents and places

celebrates the productive potentials of a family's habitat and it provides tools for empowering families giving them more time and ability to raise their children

psychologists offer an increasing variety of services to the public among these services psychological assessment of personality and behavior continues to be a central activity one main reason is that other mental health professionals often do not possess a high level of competence in this area and when dealing with children and adolescents psychological assessment seems to take on an even greater role therefore it follows that comprehensive graduate level instruction in assessment should be a high priority for educators of psychologists who will work with these youth this textbook is organized into three sections consistent with the authors approach to teaching part i provides students with the psychological knowledge base necessary for modern assessment practice including historical perspectives measurement science child psychopathology ethical legal and cultural issues and the basics of beginning the assessment process part ii gives students a broad review of the specific assessment methods used by psychologists accompanied by specific advice regarding the usage and strengths and weaknesses of each method in part iii we help students perform some of the most sophisticated of assessment practices integrating and communicating assessment results and infusing assessment practice with knowledge of child development and psychopathology to assess some of the most common types of behavioral and emotional disorders in youth a text focusing on assessment practices must be updated every four to six years to keep pace with advances in test development for example several of the major tests reviewed in the text such as the behavioral assessment system for children and the child behavior checklist have undergone major revisions since the publication of the last edition making the current content outdated further another major test the conners rating scales is undergoing substantial revisions that should be completed before publication of the next edition finally the evidence for the validity of the tests and the recommendations for their appropriate use evolve as research accumulates and requires frequent updating

to remain current for example there was a special issue of the journal of clinical child and adolescent psychology published focusing on evidenced based assessment of the major forms of childhood psychopathology that will need to be integrated into the chapters in part 3 this latter point reflects an important trend in the field that should influence the marketing of the book that is there are several initiatives being started in all of the major areas of applied psychology e g school clinical and counseling to promote evidenced based assessment practices these initiatives have all emphasized the need to enhance the training of graduate students in this approach to assessment this has been the orientation of this textbook from its first edition that is clinical assessment of child and adolescent personality and behavior has focused on using research to guide all recommendations for practice the ability of the textbook to meet this training need should be an important focus of marketing the book to training programs across all areas of applied psychology

a fascinating chapter in american social and cultural history like our very own offers compelling evidence of the role that adoption has played in our evolving efforts to define the meaning and nature of both motherhood and family book jacket
