today in a world quite different from the one that existed just thirty years ago both girls and boys play soccer baseball softball and other youth sports yet has the dramatic surge in participation by girls contributed to greater gender equality in this engaging study leading sociologist michael a messner probes the richly complex gender dynamics of youth sports weaving together vivid first person interviews with his own experiences as a volunteer for his sons teams messner finds that despite the movement of girls into sports gender boundaries and hierarchies still dominate especially among the adults who run youth sports his book widens into a provocative exploration of why youth sports matter how they play a profound role in shaping gender class family and community

this carefully edited companion anthology provides provocative eye opening examples of the practice of sociology in a well edited well designed and affordable format it includes short articles chapters and excerpts that examine common everyday experiences important social issues or distinct historical events that illustrate the relationship between the individual and society the new edition will provide more detail regarding the theory and or history related to each issue presented the revision will also include more coverage of global issues and world religions

in just a few decades sport has undergone a radical gender transformation however cheryl cooky and michael a messner suggest that the progress toward gender equity in sports is far from complete the continuing barriers to full and equal participation for young people the far lower pay for most elite level women athletes and the continuing dearth of fair and equal media coverage all underline how much still has yet to change before we see gender equality in sports the chapters in no slam dunk show that is this not simply a story of an unfinished revolution rather they

contend it is simplistic optimism to assume that we are currently nearing the conclusion of a story of linear progress that ends with a certain future of equality and justice this book provides important theoretical and empirical insights into the contemporary world of sports to help explain the unevenness of social change and how despite significant progress gender equality in sports has been no slam dunk

from teen mom at the age of 16 to team mom with 8 kids life has not always been this pretty this easy this peaceful this joyful there were days i went without many of days at that no sleep sometimes i dropped out of school my 11th grade year i was on my 3rd child before i turned 21 but i made it out of the struggle out of the mess out of the generational curse now i am here to tell my story not for my benefit but to help those that have lost hope love joy power and themselves

if your child wants to play hockey and you dont have a clue where to start this book is for you

the story of willie is the story of an intelligent creative healthy child who as his mother says is wired a little differently from other people nearly ten percent of school aged children are diagnosed with add attention deficit disorder and the condition has vaulted into the public awareness now for the first time a mother speaks out about the day to day realities of life with a child with add this honest moving heartwrenching and joyful account of willie s first five years details a dizzying parade of doctors schools treatments and therapies and the inevitable emotional seesaw that ensued through the insensitivity of a preschool staff to the psychologist who labeled willie brain damaged ann and her husband searched for the key to willie s bouts of belligerence and excitability strengthened by their love for him and by their belief in their son s ability to overcome these challenges their and willie s ultimate triumph is an inspiration and a lifesaver for a family facing add or any other crisis
