a traveller in an unknown land is not merely the autobiography of a world renowned mathematician and researcher it is an unfailing guide for people from all walks of life a lesson for the next generation a powerful philosophy in itself how he rose from a remote village in a newly independent nation to become a towering figure in the world of mathematics this book stands as a remarkable testimony to that journey it also presents the astonishing story of how his mathematical research opened one new horizon after another in medical science above all he has generously opened up the vast treasure of his work for general readers through this book this book therefore shines like a beacon of light the author s

honesty clarity and purity of heart illuminate every word within these pages like a sculptor he has carved into the body of the book bit by bit the struggles of his blood and sweat the story of his conquest of the world despite receiving numerous national and international honours he remains a humble grounded human being in these fractured times a traveller in an unknown land will undoubtedly show the right path

as pointed out in my last two publications no comprehensive study has been undertaken about the american learned men and women with czechoslovak roots the aim of this work is to correct this glaring deficiency with the focus on immigration from the period of mass migration and beyond irrespective whether they were born in their european ancestral homes or whether they have descended from them whereas in the two mentioned monographs the emphasis has been on scholars and social and natural scientists and men and women in medicine applied sciences and engineering respectively the present compendium deals with notable americans of czechoslovak ancestry in arts and letters and in education with respect to women although most professional fields were closed to them through much of the nineteenth century the area of arts and letters was opened to them as noted earlier and as this compendium authenticates
