abstract the purpose of the project was to find an effective training method for new escrow employees while maintaining job efficiency for the trainer when analyzing why market share

slowed after two years of steady increase it was determined that one change occurred that change was the onset of training a new employee in the branch it appears as though the training methods in escrow were derived from adaptation rather than rationalization the solution to the problem was discovered by going back to the basics of training sic research regarding effective training and moving forward through other organizations the solution is an intertwined skills and knowledge training rather than the current method of skills then knowledge transfer as one encounters it
