banking supervision in canada is well functioning and mature overseeing a complex concentrated and large banking system the office of the superintendent of financial institutions osfi regulates and supervises all banks and other federally regulated financial institutions which include trust and loan companies federal credit unions insurers and pension plans canada s six domestic systemically important banks d sibs account for 96 percent of banking sector assets with total assets of the banking sector reaching more than 226 percent of gdp as of 2023 this assessment looked into osfi s regulation and supervision of banks and foreign bank branches and federally regulated deposit taking institutions including trust and loan companies and credit cooperatives generally referred to as banks

this book presents a step by step guide on how to build an effective gdpr compliance programme for your business and covers the crucial elements that businesses need to address with particular focus on startups and scaleups experienced data protection lawyer ben martin walks the reader through the various data protection requirements that early stage businesses need to consider and explains how these will develop through their growth phase

this detailed assessment of observance report specifies base core principles bcp for effective banking supervision in australia an assessment of the effectiveness of banking supervision

requires a review of the legal framework and a detailed examination of the policies and practices of the institution's responsible for banking regulation and supervision in line with the bcp methodology the assessment focused on banking supervision and regulation in australia and did not cover the specificities of regulation and supervision of other financial institutions the assessment has made use of five categories to determine compliance compliant largely compliant materially noncompliant noncompliant and non applicable the report insists that australian prudential regulation authority apra should put more focus on assessing the various components of firms internal capital adequacy assessment process and other firm wide stress testing practices a periodic more comprehensive assessment of banks risk management and governance frameworks will further enhance apra's supervisory approach

this paper discusses key findings of the detailed assessment of observance of the basel core principles for effective banking supervision bcp on the united states the u s federal banking agencies have improved considerably in effectiveness these improvements are reflected in the high degree of compliance with bcp in this current assessment shortcomings have been observed particularly in the treatment of concentration risk and large exposures but they do not raise concerns overall about the authorities ability to undertake effective supervision these shortcomings should however be addressed if the united states is to achieve the standards of supervisory effectiveness expected of one of the most systemically important financial systems in the world
