concerns over the changing nature of gangs and cartels and their relationships to states in the late 20th and early 21st centuries has resulted in the emergence of a scholarly body of work focused on their national security threat potentials this body of work utilizing the third generation gangs and third phase cartel typologies represents an alternative to traditional gang and organized crime research and one that is increasingly influencing the us defense community rather than being viewed only as misguided youth and opportunistic criminals or in their mature forms as criminal organizations with no broader social or political agendas more evolved gangs and cartels are instead seen as developing political mercenary and state challenging capacities this evolutionary process has emerged due to the growing illicit economy and other unintended consequences of globalization this important anthology of

writings by Robert J. Bunker and John P. Sullivan draws upon a collection of their works from the mid 1990s to the present with the addition of new essays written specifically for this publication. The work will be of great interest to academics and students in the fields of political science and criminal justice and to military law enforcement and governmental professionals and policy makers. This book is a collection of new and previously published works from a variety of publications, a full list of which is on the citation information page.

When Are You Coming Home? answers questions about how young children cope when parents go to jail, told through the real stories of children, caregivers, and parents navigating parental incarceration. This book delves into the nuances that comprise children's well-being and family relationships. In doing so, it calls out contextual vulnerabilities while emphasizing resilience processes that shape how children make sense of being separated from parents and await their likely reunification.

When a corpse is found in a body of water, authorities generally presume that the manner of death was either an accident or a suicide. They do not treat the recovery site as a potential crime scene or homicide, so many cases remain unsolved. Case studies in drowning forensics investigates the cases of 13 bodies recovered from water in similar circumstances.

A resource for administrators seeking innovative ideas and supporting precedents in formulating policy, this book also provides a useful textbook for public administration and policy students. It employs a wealth of case studies in budgeting and financial management to demonstrate strategies in system implementation, policy formulation, government accounting, auditing, and financial reporting. With contributions from leading experts, it clarifies procedures to solve cutback and downsizing dilemmas using theoretical models and provides pragmatic approaches to managing financial activities under budgetary strain. It also covers the evolution of a debt management policy.
