nepal is associated in most people s imagination with everest sagarmatha to the nepalese vivid plants and picturesque villages and people the truth as always is other it is one of the poorest countries in the world surrounded by big and powerful neighbours it is immensely diverse ranging from the great mountains to the north through the trans himalaya a high barren plateau through the deep valleys which include the one which contains the ancient cities of kathmandu patan and bhaktapur to

the terai which is an extension of ganges plain this atlas describes not only the complexity of the environment but the people the languages the towns and industries the agriculture food and land management the natural resources the effects of tourism sources of energy transport and education policies originally published in 1991

describes the geography climate wildlife natural resources history politics culture economy and government of nepal

seminar papers

this book is about nepal s development journey and its experience where readers of developing and developed countries can get current prospect of development it narrates about importance of nation building and learning s from different countries challenges of federal system good governance civil service have been highlighted to understand our current political situation opportunities in potential sectors like agriculture tourism hydroelectricity it and many others has to be tapped we are witnessing how south asian countries are addressing their development demands we need to learn from each other s and cooperate for faster growth countries aspiration of overall development can be replicated through applying best practices of many other countries to be graduated as middle income country in 2026 and achieving sdg 2030 nepal need better coordination s there are challenges of sustainable economy physical infrastructure and social development due to limited resources and natural disaster learning from past success and failure government private and social sector has to work together for developed nepal i am indebted to the contribution of so many scholars that has been referred writing this book

this is one of the first books to explore nepali diaspora in a global context across india and other parts of south asia southeast asia europe and australia it discusses the social political and economic status and aspirations of the nepali community worldwide the essays in the volume cover a range of themes including belonging and identity politics among nepalese migrants representation of indian nepalis in literature diasporic consciousness forceful eviction and displacement social movements and ritual practices among migrant communities drawing attention to the lives of nepali emigrants the volume presents a sensitive and balanced understanding of their options and constraints and their ambivalences about who they are this work will be invaluable to scholars and

students of nepal studies area studies diaspora and migration studies social anthropology cultural studies and literature

in the coming decades challenges and risks associated with rapid population ageing will be paramount in asia pacific examining key trends dilemmas and developments with reference to specific nations the book draws conclusions and policy recommendations that apply to asia pacific as a whole individual chapters focus on the impact of population ageing along with urbanization and industrialization on the lives of people in the region the book shows how leaders in asia pacific political community and others need to respond to changes in family and social structures disease pathology gender roles income security the care of older citizens and the provision of social and health welfare

with tens of millions of hectares and hundreds of millions of lives in the balance the debate over who should control south asia s forests is of tremendous political significance this book provides an insightful and thorough assessment of important forest management transitions currently underway mark poffenberger executive director of community forestry international the contributions in this volume not only breathe life into the field of writing and analysis related to forests they do so on the strength of extraordinarily insightful research kudos to springate baginski and blaikie for providing us with a set of thoroughly researched provocative studies that should be required reading not only for those interested in community forestry in south asia but in resource governance anywhere arun agrawal associate professor of natural resources environment university of michigan usa makes a significant contribution to theory and practice of participatory forest management yam malla executive director regional community forestry training center for asia and the pacific bangkok this excellent and timely book provides thought provoking insights to the issues of power and politics in forestry and the difficulties of transforming age old structures that circumscribe the access of the poor to forests and their resources it challenges our assumptions of the benefits of participatory forest management and the role of forestry in poverty reduction it should be of interest to policy makers and to all those who have been involved with the struggle of transforming forestry over the decades dr mary hobley hobley shields associates natural resource management and planning consultancy a rare combination of extensive field study social science insights and policy studies will be of

immense value dr n c saxena member of national advisory council government of india in recent decades participatory approaches to forest management have been introduced around the world this book assesses their implementation in the highly politicized environments of india and nepal the authors critically examine the policy implementation processes and causal factors affecting livelihood impacts considering narratives and field practice with data from over 60 study villages and over 1000 household interviews the book demonstrates why particular field outcomes have occurred and why policy reform often proves so difficult research findings on which the book is based are already influencing policy in india and nepal and the research and analysis have great relevance to forestry management in a wide range of countries published with dfid
