the doctrine of international relations inter state indeed territorial ideologies the logic of autochthony and its ramifications ethnic cleansing are all hinged at different levels upon the same pseudo fact to every society a closed and exclusive territory demarcated by fixed and linear borders this way of thinking totally foreign to african societies for a long time has generated today more contradictions than it can ever solve the authors of this book make a clear distinction between territory formation from the top as being a deliberate political project and its formation from below as being a more diffused historical process which is determined by the scheme of antagonisms and compromises between social forces in lieu of a stark opposition between the top and below the authors unveil the interdependence and mutual influence which form the basis of a dual system within which legal formation by the colonial authorities first then by the postcolonial one is confronted with a host of subaltern spatial dynamics neglecting thereby the legitimacy which only them can provide as an essential read for anyone who is interested in the relationship between knowledge and power this book offers stimulating perspectives on the issue of african unity and its epistemological and political challenges it renews profoundly our approaches to human security citizenship borders and mobility

geoffrey bennington sets out here to write a systematic account of the thought of jacques derrida responding to bennington s text at every turn is derrida s own excerpts from his life and thought that appearing at the bottom of each page resist circumscription together these texts as a dialogue and a contest constitute a remarkably in depth critical introduction to one of the leading philosophers of the twentieth century and at the same time demonstrate the illusions inherent in such a project bennington s account of derrida broader in scope than any previously done leads the reader through the philosopher s familiar yet still widely misunderstood work on language and writing to the less familiar and altogether more mysterious themes of signature sexual difference law and affirmation seeking to escape this systematic rendering in fact to prove it impossible derrida interweaves bennington s text with surprising and disruptive periphrases reflections on his mother s death agony commentaries on st augustine s confessions memories of childhood remarks on judaism and references to his collaborator s efforts this extraordinary book offers on the one hand a clear and compelling account of one of the most difficult and important contemporary thinkers and on the other one of that thinker s strangest and most unexpected texts far from

putting an end to the need to discuss derrida bennington s text might have originally intended or pretended this dual text opens new dimensions in the philosopher s thought and work and extends its challenge

the small arms survey 2007 features a special focus on the complex issue of urban violence

the aim of this book is to assess recent developments in international law seeking to bring an end to impunity by bringing to justice those accused of war crimes and crimes against humanity the book was originally conceived while the editors were engaged in different capacities in proceedings relating to the detention of senator pinochet in london the vigorous public debate that attended that case and related developments in international criminal justice such as the creation of the international criminal court and the trial of former president milosevic demonstrate the close connections between the law and wider political or moral questions in the field of international criminal justice there appeared therefore a clear need to distinguish legal from essentially political issues promoting the application of the law in an impartial and apolitical manner while at the same time enabling each to legitimately inform the development of the other the essays in this volume written by internationally recognised legal experts scholars practitioners judges explore a wide range of subjects including immunities justice in international and mixed courts justice in national courts and in a particularly practical section perspectives offered by experienced practitioners in the field this is a welcome collection of papers on criminal justice both at the international and the national level a book which fills many gaps and adds considerable value by discussing wider policy and moral issues it is to be recommended to all who are interested in the development of international criminal justice elizabeth wilmshurst international affairs
