this book should be useful to policymakers lawyers and academics in europe and elsewhere as a study of the best use of a highly promising emerging institution of governance

february issue includes appendix entitled directory of united states government periodicals and subscription publications september issue includes list of depository libraries june and december issues include semiannual index

lists all publications issued in 1941 46 received into the library of the public documents division too late for inclusion in the current monthly catalog and certain publications received in 1947 which were declassified etc

this monograph addresses two problems surrounding the interpretation and application of article 81 of the ec treaty what is competition and how does article 81 ensure that competition is protected after over 40 years of application and a period of modernisation decentralisation and reflection it is possible to understand article 81 and what it seeks to achieve the monograph's aim is to reveal the intellectual order and rational structure underlying the law so as to enable the reader to understand article 81 in a clear and rigorous manner this is done by breaking article 81 down into its constituent elements and examining the function that each element serves arguing that jurisdiction rests on a public private distinction both the substantive and the justificatory rules are cast to generate obligations appropriate for private actors to perform actors and activities falling within the scope of article 81 are subject to the substantive element prohibiting contrived reductions in output since output reduction can co exist with cost reduction innovation and that these latter features are desirable cost reduction and innovation operate to justify infringement of the substantive obligation thus this monograph argues that output cost and innovation are the only legitimate issues in an article 81 analysis it is in this sense that the monograph is concerned with the boundaries of article 81 ec

this work provides an up to date picture of the constitutional law of the european union and the law governing forms of co operation among the member states such as common foreign and security policy police and

judicial co operation in criminal matter such as schengen the book begins by describing the pathways for integration in teh eu outlining the substantive temporal and territorial jurisdiction of the eu the authors provide an exposition of the objectives and tasks of the community together with an analysis of the principles of legal basis subsidiarity proportionality and equal treatment this is followed by an analysis of substantive european law with particular attention given to the principles of the internal market and emu
