the book analyzes the financialization of the Brazilian territory to identify its main actors technical systems and processes the work is divided into three parts which correspond to the three main scales of analysis of the national financial system 1 the global scale which defines the relative position of Brazil in the international division of financial work emphasizing the role of São Paulo as an international financial centre 2 the national level which demonstrates the recent development of the financial and banking system after 1964 with emphasis on the location and regionalization of bank headquarters and branches as well as the new electronic channels for the provision of banking services ATMs points of sales mobile and internet banking and 3 the local scale which shows how these new financial agents and technical systems affect the Brazilian urban population emphasizing the indebtedness of the lower income classes as well as the emergence of alternative ways of using finance such as fintechs credit cooperatives and community banks

this book looks at the development of thinking about security in Brazil between 1930 and 2010 in order to do so it develops a new framework for thinking about intellectual history in Brazil and applies it to the development of knowledge on security in that country building on the Gramscian literature on late modernization and conservative revolution and drawing on the idea of emotional theory of action proposed by Brazilian sociologist Jessé Souza this book sets out to establish an innovative framework with which to analyse the development of thinking about security in Brazil in three specific historic contexts this theoretical framework is then used to argue that one specific discourse of Brazilian identity has been the main source of knowledge production in that country since the 1930s in doing this the book offers thought provoking arguments about the role of intellectuals in Brazil and reassesses the exclusionary ideas embedded in the politics of identity and security this book not only introduces a novel framework to analyse

intellectual production outside the core it also sheds light on how security has been historically thought of outside the core and will be of interest to students and scholars of international relations critical security studies and latin american studies

jose bonifacio de andrade e silva the greatest man in brazilian history this book will introduce to the united states the founding father of brazil he is one of the greatest statesman in world history but he is unknown to the american public he is the thomas jefferson benjamin franklin james madison and george washington of brazil embodied in one person this book will cover some of the following subjects learn why the country itself was jose bonifacio s legacy to future brazilian generations the legacy that he left us is brazil itself because without jose bonifacio in brazilian history brazil the country in its current form would not exist today learn how a document prepared by jose bonifacio de andrade e silva lembranas e apontamentos do governo provisorio de sao paulo dated october 9 1821 is considered the most important document in the history of brazil this document laid the foundations for the new nation learn about the major impact that jose bonifacio had with his writings on the process of ending slavery in brazil his position paper on slavery november 1823 had a major influence on all future legislation related to the slavery issue jose bonifacio s grandson jose bonifacio the younger continued on his grandfather s fight to end slavery in brazil he did his fighting on the floor of the senate until his death in october 1886 slavery ended in brazil on may 13 1888 learn about jose bonifacio s very important document regarding the native brazilian indians how his document served as the basis in 1845 imperial brazil and again in 1910 now a republic of information when they designed and organized the service for the protection of native indians learn how the andrade brothers jose bonifacio martim francisco and antonio carlos with their leadership had a major impact on the constituent assembly and how they guided the proceedings of the process of framing the first brazilian constitution this constitution was effective december 13 1823 with the swearing in ceremony on march 25 1824 the book documents the reasons why jose bonifacio de andrade e silva s name will be immortalized by history his name will be included on an exclusive list of immortal leaders he will be recognized as one of the greatest

statesman in world history

this book represents the first comprehensive edition in english on the soils of brazil in the challenge of illustrating all the biomes of a country of truly continental dimension in addition to presenting the first geosystemic view of brazilian soils in all geological geomorphological and environmental aspects the book also makes a key contribution to the discussion of current topics in pedology such as anthrosols technosols soil management trends and sustainability pedometrics and advanced techniques of digital soil mapping the soils of brazil were conveniently stratified into sectors and treated within the different biomes without neglecting any area of the brazilian territory considering the aspects of the landscape of occurrence climates geomorphology and geology each pedological region was abundantly documented with soil profile data and many fine original three dimensional illustrations and diagrams made with care by the authors among the regions the most important are the forested amazon the central plateau with cerrados the caatingas of the northeastern semi arid region the atlantic forest in all known variants in addition the restingas mangroves oceanic islands wetlands of the pantanal and the subtropical regions of the pampa and matas de araucaria the book is of great importance as the first published work on brazilian soils but it is of great interest to geologists and geomorphologists who study the tropics and subtropics due to the novelty and scope of the work

spanning a period of over 450 years the rio de janeiro reader traces the history culture and politics of rio de janeiro brazil through the voices images and experiences of those who have made the city s history it outlines rio s transformation from a hardscrabble colonial outpost and strategic port into an economic cultural and entertainment capital of the modern world the volume contains a wealth of primary sources many of which appear here in english for the first time a mix of government documents lyrics journalism speeches ephemera poems maps engravings photographs and other sources capture everything from the fantastical impressions of the first european arrivals to the complaints about roving capoeira gangs and from sobering eyewitness accounts of slavery s brutality to the glitz of copacabana the definitive english language

resource on the city the rio de janeiro reader presents the marvelous city in all its complexity importance and intrigue

this is the first single book to cover the whole of the fossil history of insects so comprehensively the volume embraces subjects from the history of insect palaeontology to the diagnostic features of all insect orders both extant and extinct
