this monograph presents a microstudy of a crucially important and profoundly revealing location the territory around the modern city of lecco which lies on the eastern branch of lake como in lombardy northern italy contrary to traditional reconstructions that present eastern lake como as a marginal region where no important events took place in late antiquity and the early middle ages this book demonstrates that the area functioned as a key point of connection across the roman empire the rhine danube limes and continued to function long after the political collapse of the empire in the west furthermore the region was the location of what can only be described as a state arms factory for the roman empire the importance of which only began to fade in the eleventh century this book represents the culmination of a comprehensive reconsideration of the historical sources and available archaeological evidence offering a new framework for analysis and insights into the transformations that took place from the late empire into the middle ages

forensic archaeology is mostly defined as the use of archaeological methods and principles within a legal context however such a definition only covers one aspect of forensic archaeology and misses the full potential this discipline has to offer this volume is unique in that it contains 57 chapters from experienced forensic archaeological practitioners working in different countries intergovernmental organisations or ngo s it shows that the practice of forensic archaeology varies worldwide as a result of diverse historical educational legal and judicial backgrounds the chapters in this volume will be an invaluable reference to forensic archaeologists forensic anthropologists humanitarian and human rights workers forensic scientists police officers professionals working in criminal justice systems and all other individuals who are interested in the potential forensic archaeology has to offer at scenes of crime or places of incident this volume promotes the development of forensic archaeology worldwide in addition it proposes an interpretative framework that is grounded in archaeological theory and methodology integrating affiliated behavioural and forensic sciences

this handbook has two purposes it is intended 1 as a handbook of etruscology or etruscan studies offering a state of the art and comprehensive overview of the

history of the discipline and its development and 2 it serves as an authoritative reference work representing the current state of knowledge on etruscan civilization the organization of the volume reflects this dual purpose the first part of the volume is dedicated to methodology and leading themes in current research organized thematically whereas the second part offers a diachronic account of etruscan history culture religion art archaeology and social and political relations and structures as well as a systematic treatment of the topography of the etruscan civilization and sphere of influence

today by many accounts china is the world s foremost purveyor of foreign aid and foreign investment to developing countries this is the product of china s miracle economic growth over a period of more than three decades together with china s drive to become a major player in world affairs and accomplish this through economic rather than military means this three volume work is the first comprehensive study of china s aid and investment strategy to trace how it has evolved since beijing launched its foreign aid diplomacy at the time of the founding of the people s republic of china in 1949 volume iii offers an analysis of china s foreign aid and investment to countries outside of asia in africa europe the middle east latin america and oceania africa was and is the most important of these regions and it is given special treatment in the concluding chapter copper reviews the findings of previous the volumes delineates china s most important victories and setbacks and notes opposition to and criticism of china s aid and investment diplomacy copper gives evidence that will be shocking to some of the reality that china s financial help to developing countries is one of the most salient trends in international politics and constitutes a formidable challenge to the united states japan and europe as well as international financial institutions
