identifies and describes specific government assistance opportunities such as loans grants counseling and procurement contracts available under many agencies and programs

for approaching two centuries the images on postage stamps have been used to convey messages from the government of the day to the general public science has been used to enhance those messages for the past nine decades in this book i explore the ways in which science and scientists have been portrayed on stamps and look at the ideas and in some cases the propaganda that underpins them page 1

many years back stamp collecting was an extra curricular activity of school kids around the world modern technology was thought to have killed this hobby due to the decrease in the usage and demand of postage stamps out of surprise this turned out to be untrue out of 60 million stamp collectors around the world one third come from china wealthy chinese are now beginning to buy back their heritage on a massive scale investors are laughing their way to the bank with significant gains on their china stamp portfolio this 268 page book fully illustrated with pictures reveals everything you need to know about china stamps and how to build a solid collection for potential future liquidation

buddhism as a model of religious life and spiritual path has been widely practiced across the world it began around 2 610 years ago in india when siddhartha gautama discovered how to bring happiness into the world edwin arnold has fittingly called gautama buddha the light of asia wisdom of the world buddhism is relevant to the present world because of the environment crisis we are facing at present and we are heading towards mass extinction of species we live in an age of conflict and war of hatred and violence all over the world this book besides being a visual delight for any reader will be useful to people from all walks of life whether they are academicians philatelists researchers on buddhism or non violence and world peace

this long awaited volume presents the work of elizabeth lyding will on the important group of transport amphoras found at cosa this town has been widely recognized as a prototypical colony of the later roman republic and a source for trade with gaul and spain so this

publication of its finds has important implications for archaeologists and historians of the ancient world will s initial work was on latin amphora stamps in the eastern mediterranean and through the 1960s and 1970s she developed an amphora typology based on materials found in the region and at cosa what has not been appreciated is that this typology was not limited to stamped republican amphoras but also included unstamped vessels such as imperial spanish african and eastern amphoras dating as late as the fifth century ce this book shows that will was far ahead of her time in documenting the mediterranean trade in commodities carried in amphoras her work not only provides a record of the amphoras found on the town site of cosa but also includes a comparison between the finds from the port and the town at the time of will s death her manuscript consisted of a typed catalogue of the amphora stamps from cosa and an equal number of unstamped vessels but was missing important elements on the basis of extensive notes and photographs kathleen warner slane has reviewed and updated the manuscript adding type descriptions and footnotes to materials that have appeared since will s death as well as a framing introduction and conclusions appendices highlight an augustan amphora dump on the arx and add a catalogue of the greek amphora stamps found at cosa cosa the roman and greek amphoras will be of interest to scholars and students of rome and its system of colonies and also to those interested in greek and roman archaeology and trade in the ancient world
