the student book module of strand b canada s region provides 100 alignment to 2013

ontario curriculum social studies 1 to 6 globe and mapping skills continuum thinking concepts inquiry

this book presents a systematic collation of the regional and global dimensions of the leadership role of brics countries brazil russia india china and south africa it analyses the rising regional and global leadership of brics using specific benchmarks to gauge the nature of this leadership the elements examined include willingness to lead the capacity to do as much and the degree to which the given actor is accepted as a leader both within and beyond its region the chapters in the book capture the nature of trends in regional and global leadership within the contexts of a changing international order it is taken for granted that brazil russia india china and south africa are now engineering a unique pool of governance that is seeking alternatives to the current order of global economic and political affairs the fact that these countries have jointly decided to forge ahead with the brics constellation of states that is now taking consequential decisions such as the creation of the brics new development bank is not to be treated lightly in this book the majority of papers take a step back and systematically analyse the real state of the leadership that is provided by the brics on a litany of regionally and globally relevant issues while no one doubts the fact that these countries have the capacity to provide leadership especially in their various regions on many issues what remains moot is whether they are willing and capable to do so at the global level even in those cases where there is the willingness and capacity the book argues that the acceptance of such leadership by potential followers is not always a given

at a time of extraordinary challenges confronting the world this book analyses some of the profound changes occurring in the development of cities and regions it discusses the uncertainties associated with the stalling of hyper globalization and asks whether this creates opportunities for resurgent regional economies driven by local capabilities resource efficiencies and domestic production theory and evidence on socio economic and environmental transitions underway in many regions are brought together implications of the shifting balance of global power towards emerging economies in the east are explored along with the consequences of urbanization in the global south for politics and democracy dilemmas surrounding migration are also discussed including whether incomers displace local workers and depress wages or bring benefits in the form of know how new technology and investment more integrative concepts of the region and theories of regional development are analysed recognising the role of human capital knowledge innovation finance infrastructure and institutions this was originally published as a special issue of regional studies
