sherwood pictures is the filmmaking ministry of sherwood baptist church in albany georgia and the leading producer of church based independent christian films this book situates their work in the history of religion and film in america and shows how they bring to fruition early 20th century protestant expectations for the use of film in the life of the church and their hopes for a vibrant christian film industry also covered are the handful of churches inspired by sherwood that have taken up their own cameras to create a growing church film movement this book offers another examination of the relationship between conservative evangelical protestant christianity and the wider popular culture

christianity is collapsing under its own weight in much of its institutional localized and individualized forms the church has become a bastion of heavy handed dogma and unrelenting limitations its ethos appeals primarily to those who see no other option but to get in line and stay in their lane there is no shortage of thinkers that would love to forge a new path through this malaise as a pastor who has witnessed firsthand the last thirty five years of this quandary jimmy r watson stumbled upon a philosophical approach an attitude that could help the church throw off its ankle weights so it can run the race of faith with freedom and flexibility after reading the late daniel dennett s comment about religion lite in atlantic monthly in late summer of 2023 watson thought that just as we are being asked to leave behind a lighter carbon footprint maybe we should consider leaving behind a lighter christian footprint from that moment on he began writing these essays all of which reflect a christianity that is less heavy handed and more light hearted less constraining and more creative less oppressive and more open for a twenty first century church
