over the last four decades corporate social responsibility csr has acquired distinctive organizational status and become the subject of an increasing number of social and environmental policies this development has been reflected by an outpouring of literature that focuses on csr and constitutes a distinct area of business education and research this major work carefully and constructively brings together seminal articles to provide a comprehensive overview of the burgeoning interdisciplinary and international scholarly writing in the field papers will cover the following areas volume i theories and concepts of csr providing a comprehensive grounding in the conceptual and normative csr literature volume ii managing and implementing csr provides a thorough overview of csr as a practical phenomenon volume iii csr in global context provides an integrated international perspective on csr theory and practice

this resource is a compilation of chapters on government enterprise architecture with the intention of informing professionals with different levels of enterprise architecture knowledge

comparativism is no longer a purely academic exercise but has increasingly become an urgent necessity for industrial relations and legal practitioners due to the growth of multinational enterprises and the impact of international and regional organizations aspiring to harmonize rules the growing need for comprehensive up to date and readily available information on labour law and industrial relations in different countries led to the publication of the international encyclopaedia for labour law and industrial relations in which more than 70 international and national monographs have thus far been published this book comparative labour law and industrial relations in industrialized

market economies goes a step further than the encyclopaedia in as much as most of the chapters provide comparative and integrated thematic treatment the aim is to describe the salient characteristics and trends in labour law and industrial relations in the contemporary world this book is obviously not exhaustive with respect to the coverage of countries and topics the authors limit themselves mainly to the industrialized market economies the book is divided in three main parts an introduction relating to methodology and documentation including the use of internet the second part concerns international actors like the international employerrsquo s organisations and the international trade union movement as well as human resources management the third concerns the sources of regulation concentrating on international and european labour law as well as on codes of conduct for multinational enterprises and describes also the rules in case of conflict of laws the last part deals with international developments and comparative studies in not less than 15 chapters the ixth edition will like the previous editions serve as a textbook and reference work to facilitate the task of teachers and students of comparative labour law and industrial relations it will also provide labour lawyers with the necessary insights to cope with a world which is increasingly international
