now thoroughly revised and updated this encyclopedia documents the diversity of shrines temples holy places and pilgrimage sites sacred to the world s major religious traditions and illustrates their elemental place in human culture as interest increases in the role of world religions in history and international affairs the new edition of encyclopedia of sacred places which arrives 15 years after the publication of the original edition provides new and updated information on site specific religious practice and spiritually significant locations around the globe while many of the entries describe specific places like the erawan shrine and the rock of cashel others examine types of sacred sites pilgrimages and practices with articles that describe both the places and their associated traditions and history this reference book reveals the enormous diversity and cultural significance of religious practice worldwide for students and teachers of classes ranging from high school geography to university level courses in religious studies geography anthropology and sociology this book provides essential reference on places of great significance to the world s various faith traditions

uncovering the past through the lens of sacred travel this travel book includes both academic and popular religious perspectives and is filled with photographs of both famous and lesser known locales from every corner of the world each site specific explanation of the significance of goddess today and in centuries past deftly combines current trends academic theories and historical insights from the middle east to europe africa and the americas the images of feminine divinity presented in this work are as uniform in their beauty as they are diverse in cultural tradition for each location be it the shrines in kyoto and kamakura or the sites worshipping the virgin mary in bolivia france trinidad and the saut d eau waterfalls of haiti this book provides a history of each site in conjunction with the photography

eduardo rubio mendéz travelled the length and breadth of the world for three years visiting a hundred or so countries and taking over 70 000 photographs his mission to search for god and the gods as well as those who believe in them and live with them and off them his journey took him to all the most holy places of the earth and revealed a whole host of legends in the process he met people who seek in their gods meaning redemption consolation and miracles the transcendent photographs he took on his pilgrimage portray spaces of nature and humanity of landscapes and rural areas all are imbued with a sacred atmosphere that overflows from within

this book explores the function of buildings for worship shrines and pilgrimage centers and the part they play in the lives of individuals and the community while also recognizing that sacred place is not defined as architectural buildings

this book explores the age old relationship between human beings and the living ecology

sacred sites sacred places explores the concept of sacred and what it means and implies to people in differing cultures it looks at why people regard some parts of the land as special and why this ascription remains constant in some cultures and changes in others archaeologists legislators and those involved in heritage management sometimes encounter conflict with local populations over sacred sites with the aid of over 70 illustrations the book examines the extreme importance of such sacred places in all cultures and the necessity of accommodating those intimate beliefs which are such a vital part of ongoing cultural identity sacred sites sacred places therefore will be of help to those who wish to be non destructive in their conservation and excavation practices this book is unique in attempting to describe the belief systems surrounding the existence of sacred sites and at the same time bringing such beliefs and practices into relationship with the practical problems of everyday heritage management the geographical coverage of the book is exceptionally wide and its variety of contributors including indigenous peoples archaeologists and heritage professionals is unrivalled in any other publication

dr bhardwaj s in depth study of the various aspects of the institution of pilgrimage shows that instead of being a simple practice it has been a gigantic phenomenon affecting all aspects of indian life integrating diverse forces various cults and numerous traditions over the ages asian student this is the best general survey of a major religion s total pilgrimage system and the best intensive investigation of one of its subsystems dr bhardwaj s book is an important step towards the recognition of a social phenomenon which has for millennia played a crucial role in the integration of religions nationalities and international communities and not least importantly it is highly readable journal of the american academy of religion detailed accurate and generally informative he has succeeded in tracing for the first time the relationship of the rank order or level of a sacred place to its degree of sanctity type of deity and caste and motivation of the pilgrim the implications of mr bhardwaj s study are profound and necessary to the understanding of indian religion it is fascinating times literary supplement here is a fine example of what the geographic study of india needs disciplined work that shows full awareness of indian cultural meanings it sets a worth standard professional geographer

a discussion of three types of sacred places those of natural beauty those of historical significance and those made holy by human ritual

this revised and updated comprehensive travel guide examines north america s most sacred sites for spiritually attuned explorers important archaeological geological and historical destinations from coast to coast are exhaustively examined from the weathered pueblos of the american southwest and the medicine wheels of western canada to graceland and the birthplace of martin luther king jr histories and cultural contexts are objectively surveyed along with the latest academic theories and insightful metaphysical ruminations detailed maps drawings and travel directions are also included

combining current trends academic theories and historical insights this travel guide brings both lesser known and famous european spiritual locales into perspective by explaining the significance of each sacred site the cultural relevance history and spirituality of each site including stonehenge the acropolis mont saint michel pompeii and saint peter s basilica are explained creating a moving and artistic travel experience each destination with selections spanning more than 15 countries throughout europe is accompanied by easy to follow maps and directions

sacred places is a book that looks at the biblical theology of place exploring its central importance in gods creation and mission it takes its readers on an expository journey through place from the garden of eden to the new jerusalem discovering the pattern of placement displacement and replacement in life and faith if you are a christian seeking to understand the bibles teaching on place and how that affects both our faith and lives in the world then this book is for you it will open your eyes to the central importance of place and give you direction on how you can apply a healthy understanding of place to your life as a disciple of jesus christ making you a better place maker and dweller the thesis of this book is that place is far more important than we ever could have imagined i am specifically proposing that 1 places are sacred because of gods decree and personal presence 2 place plays a major role in gods creative and redemptive purposes and 3 gods people are called to be both place makers and dwellers check out the official website of author and teacher c j scott at humblemajesty.com visit the place makers blog at placemakers.blog in association with worldwide mission fellowship visit the website at wvmf.org

throughout history jerusalem and its holy places have witnessed fierce religious controversy and political dispute this study analyses an international and diplomatic perspective which highlights the state national territorial versus global transnational approach to jerusalem

with respect to possession and the right to worship

jerusalem and other holy places as foci of multireligious and ideological confrontation brings together the papers that were read at an international conference at the schechter institute in jerusalem in may 2018 the contributions to this volume develop a multi disciplinary perspective on holy places and their development rhetorical force and oft contested nature through a particular focus on jerusalem this volume demonstrates the variety in the study of holy places as well as the flexibility of geographic and historical aspects of holiness

a travel guide to the world s most sacred locales offers travel tips and detailed maps to the great pyramid easter island the himalayas ayers rock chaco canyon jericho delphi stonehenge and mayan ruins among other sites of spiritual importance original

this book addresses the major generators of conflict and toleration at shared holy places in palestine and israel examining the religious political and legal issues the authors show how the holy sites have been a focus of both conflict and cooperation between different communities bringing together the views of a diverse group of experts on the region holy places in the israeli palestinian conflict provides a new and multifaceted approach to holy places giving an in depth analysis of relevant issues themes covered include legal regulation of holy places nationalization and reproduction of holy space sharing and contesting holy places identity politics and popular legends of holy sites chapters cover in detail how recognition and authorization of a new site come about the influence of religious belief versus political ideology on the designation of holy places the centrality of such areas to the surrounding political developments and how historical background and culture affect the perception of a holy site and relations between conflicting groups this new approach to the study of holy places and the israeli palestinian conflict has great significance for a variety of disciplines and will be of great interest in the fields of law politics religious studies anthropology and sociology

this book focuses specifically on the experience and protection of indigenous and particularly sámi sacred sites in the arctic sacred sites are being increasingly recognized as important reservoirs of arctic cultural and biological diversity as a means for the transmission of culture and identity and a tool for the preservation of fragile northern social ecological systems yet legal protection of arctic sacred sites and related policies are often still lacking or absent it becomes increasingly difficult for site custodians in the arctic to protect these

ancient sites due to disruptive changes such as climate change economic developments and infrastructural development with contributions from sámi and non sámi scholars from arctic regions this book provides new insights into our understanding of the significance and legal protection of sacred sites for sámi of the arctic it examines the role of international human rights environmental law and longstanding customary law that uphold arctic indigenous peoples rights in conservation and their associated management systems it also demonstrates the complex relationships between indigenous knowledge cultural spiritual values and belief systems and nature conservation the book looks forward to providing guidelines for future research and practice for improved integration of the ethical cultural and spiritual values of nature into law policy planning and management as such this book offers a contribution to upholding the sanctity of these sites their cultural identity and the biodiversity associated with them
