given the intense scrutiny of muslims the routledge handbook of islam and race is an outstanding reference to key topics related to islam and racialization comprising over 40 chapters by nearly 50 international contributors the handbook covers 30 countries on six continents examining an array of subjects including chinese russian iranian and palestinian muslims as racialized others hip hop islam and race sexuality gender and race in muslim spaces islamophobia and race racializing muslim youth islam media photography and race central issues are explored not only in muslim societies but also in muslim minority countries like mexico finland brazil new zealand and south africa for topics such as race and color in the qur an law slavery conversion multiculturalism blackness whiteness and otherness the routledge handbook of islam and race is essential reading for students and researchers in religious studies and postcolonial studies the handbook will also be very useful for those in related fields such as art and architecture literature ethnic studies black and africana studies sociology history anthropology and global studies

a collection of lectures which focussed on the small constant aggressions of racism

racism in the enacted curriculum chronicles the work of experienced and skilled antiracist educators to explore why even the best intentioned curricula for resisting racism often fall short featuring case studies from different educational contexts across the united states as well as the author s own experiences as a classroom teacher in chicago public schools it highlights the challenges and frustrations faced by teachers working to implement antiracist curriculum nationwide to meet these challenges the author develops a theory rooted in posthumanist and new materialist thought which understands the role of ideas as agential forces in and of themselves included as one of these agents is anti black racism an adaptive force that requires the adaptation of antiracism to resist it the book concludes with a practical discussion of how teachers might use such a theory to better respond and adapt curricula to combat anti black racism a forward thinking and timely volume this book will appeal to researchers and educators interested in modern curriculum theory posthumanism teacher education antiracism and

qualitative research methodology

in these five eloquent and passionate pieces which she gave as the prestigious reith lectures for the bbc patricia j williams asks how we might achieve a world where color doesn't matter where whiteness is not equated with normalcy and blackness with exoticism and danger drawing on her own experience williams delineates the great divide between the poles of other people's imagination and the nice calm center of oneself where dignity resides and discusses how it might be bridged as a first step toward resolving racism williams offers us a new starting point a sensible and sustained consideration from which we might begin to deal honestly with the legacy and current realities of our prejudices

canada's history since its birth as a nation one hundred and fifty years ago is one of immigration nation building and contested racial and ethnic relations in immigration racial and ethnic studies in 150 years of canada retrospects and prospects scholars provide a wide ranging overview of this history with a core theme being one of enduring racial and ethnic conflict and inequality the volume is organized around four themes where in each theme selected racial and ethnic issues are examined critically part 1 focuses on the history of canadian immigration and nation building while part 2 looks at situating contemporary canada in terms of the debates in the literature on ethnicity and race part 3 revisits specific racial and ethnic studies in canada and finally in part 4 a state of the art is provided on immigration and racial and ethnic studies while providing prospects for the future contributors are victor armony david este augie fleras peter r grant shibao guo abdolmohammad kazemipour anne marie livingstone adina madularea ayesha mian akram nilum panesar yolande pottie sherman paul pritchard howard ramos daniel w robertson vic satzewich morton weinfeld rima wilkes lori wilkinson elke winter nelson wiseman lloyd wong and henry yu

book 4 set 20 years after when the bow breaks travis is now a confident warship commander and mercenary the arrow has a full complement of crew and has been intervening in interplanetary wars and disputes making the crew very rich his telepathic

abilities now rival or even surpass those of xnukek his teacher and lover it is now time to take the arrow and its crew on its most dangerous mission yet and deliver a message from the hunabku to the people of earth but things are never that simple what will earth make of their first interstellar visitors how can travis convince the most paranoid and xenophobic planet in the galaxy to listen to what he has to say he is still haunted by his breakdown and birth of his alter ego at spesota and this is made worse when xnukek's dreams of her own death return the conclusion of the travis fletcher chronicles brings the story full circle to the beginning of the archer's paradox

can the government stick us with privacy we don't want it can it does and according to this author may need to do more of it privacy is a foundational good she argues a necessary tool in the liberty lover's kit for a successful life a nation committed to personal freedom must be prepared to mandate inalienable liberty promoting privacies for its people whether they eagerly embrace them or not the eight chapters of this book are reflections on public regulation of privacy at home isolation and confinement for punitive and health reasons religious modesty attire erotic nudity workplace and professional confidentiality racial privacy online transactions social networking and the collection use and storage of electronic data most books about privacy law focus on rules designed to protect popular forms of privacy popular privacy is the kind that people tend to want believe they have a right to and expect governments to secure typical north americans and europeans embrace privacy for home life telephone calls e mail health records and financial transactions this unique book draws attention to unpopular privacy privacies disvalued or disliked by their intended beneficiaries and targets and the best reasons for imposing them examples of unwanted physical and informational privacies with which contemporary americans have already lived start with laws designed to keep website operators from collecting personal information from children under 13 without parental consent the anti nudity laws that force strippers to wear pasties and thongs the don't ask don't tell rules that kept gays out of the us military and the myriad employee and professional confidentiality rules including insider trading laws that require strict silence about matters whose disclosure could earn us small fortunes conservative and progressive liberals agree that coercion and

paternalism should be the exceptions rather than the rule better to educate incentivize and nudge than to force but what if people continue to make self defeating bad choices what are the exceptional circumstances that warrant coercion and in particular coercing privacy when can government turn privacies into duties especially duties of self care early modern societies went wrong imposing unequal conditions of forced modesty and confinement on women and others groups giving privacy and imposed privacies a bad rap but now may be a time for imposed privacies of another sort imposed privacies that are liberating rather than dominating a role for coercive and paternalistic regulation may be called for in view of the great privacy give away the public turns over vast amounts of personal information in exchange for the ease of online shopping browsing and social networking protected in some instances by little more than a pro forma privacy policy pasted on a home page the public uploads and stores information in the cloud and have become more and more dependent upon electronic telecommunications and personal archiving exposed to public and private surveillance have they lost the taste for privacy do they fail to understand the implications of what is happening this book offers insight into the ethical and political underpinnings of public policies mandating privacies that people may be indifferent to or despise privacy institutions and practices play a role in sustaining the capable free agents presupposed by liberal democracy physical sanctuaries and data protection by law confers and preserve opportunities for making and acting on choices imposing privacy recognizes the extraordinary importance of dignity reputation confidential relationships and preserving social economic and political options throughout a lifetime

washington provides a detailed guide to the philosophy of alain locke one of the most influential african american thinkers of our time the work gives special attention to what washington calls destiny studies an approach which allows a people to concentrate on their past present and future possibilities and to view the experience of a race as a coherent unity rather than a set of fragmented historical happenings in providing a broad vision of locke s ideas washington considers the views of booker t washington and his contemporaries the theories of anthropologists concerning race and ethnicity and many of the

social issues current in our own age by doing so washington affirms the importance of locke as a philosopher and demonstrates the impact of locke on the destiny of african americans

this engaging new anthology brings together important selections that have informed debates and generated controversies about race and ethnicity from the nineteenth century onwards using an interdisciplinary approach the collection demonstrates and analyzes a transition from canada s early focus on ethnicity to the current proliferation of sophisticated analyses of race as a concept resistances to traditional thinking about race and ethnicity by academics and activist communities are also discussed the text demonstrates that despite claims of race neutrality as a preferred ideal canada is actually a racialized society race remains a key variable in influencing people s identities experiences and outcomes

in this work veterans of the civil rights movement use their experiences from the 1960s to discuss growing racial tension in the usa addressed are such issues as what happened to civil rights and why did the emphasis of the struggle for racial justice shift from the individual to the group
