Reviewing 2013 New World Translation of Jehovah's Witnesses is going to challenge your objectivity being objective means that personal feelings or opinions do not influence you in considering and representing facts being subjective means that your understanding is based on or influenced by personal feelings tastes or ideas if the reader finds these insights offensive it might be a little mind control at work from years of being told the same misinformation repeatedly so ponder things objectively we can also have preconceived ideas that have been a part of our thinking for so long we do not question them preconceived is an idea or opinion that is formed before having the evidence for its truth if we are to be effective we must season our words so that they are received well then there is the term preconception which means a preconceived idea or prejudice seasoned words honesty and accuracy are distinctive features of effective apologetic evangelism

This book is the second in a series of three hymnals intended to cover the needs of the church through the whole range of its public worship. The first the hymnal was prepared as a complete manual of praise covering especially the Sunday services but including also every side of church worship and work. The second the chapel hymnal is prepared for those who prefer a smaller book for use in prayer meetings, young people's societies and other social services and the last of the series is to cover the services of the Sabbath school. The chapel hymnal consists principally of those hymns in the hymnal which are best adapted for use in devotional meetings and of such tunes as can be used to good advantage on such occasions and ordinarily the association of hymn and tune has been retained. In addition there have been included in this book some standard hymns and tunes reserved for this use when the hymnal was prepared together with some fresh selections of a popular character and a number of the more desirable gospel hymns. The pages of the book are so arranged as to provide a choice of tunes in the case of a large number of the hymns. It is the usage of many of our churches to sing the Amen at the close of each hymn and the proper chords are provided for any who may wish to use them.
