first volume in an authoritative new series by emanuel schegloff on conversation analysis

much of our daily lives are spent talking to one another in both ordinary conversation and more specialized settings such as meetings interviews

classrooms and courtrooms it is largely through conversation that the major institutions of our society economy religion politics family and law are implemented this book emanuel schegloff the first in a series and first published in 2007 introduces the findings and theories of conversation analysis together the volumes in the series constitute a complete and authoritative primer in the subject the topic of this first volume is sequence organization the ways in which turns at talk are ordered and combined to make actions take place in conversation such as requests offers complaints and announcements containing many examples from real life conversations it will be invaluable to anyone interested in human interaction and the workings of conversation

a systems approach to small group interaction pioneered the systems approach and is the only book that integrates all important small group topics into a single comprehensive conceptual model the text also features a unique systematic organization each chapter begins with a brief preview followed by a glossary of terms a real life case study and then the chapter text material next comes several experiential exercises for skill development and finally the chapter concludes with two original readings

drawing upon critical social theorists like habermas depth psychologists like jung and phenomenologists like hussert denhardts shows how the ethic of organization inhibits the individual s search for meaning and then discusses strategies for enhancing the individual s role he champions independence expressiveness and creativity over discipline regulation and obedience

which citizens have fought america s wars which ones should fight in the future and how should they be recruited should military or other national service be an obligation for every citizen david segal s probing look at the complex issues behind these questions tells us much about the changing manpower needs of our armed forces and about the evolution of civil military relations in the united states segal analyzes the mobilization contributions and limitations of drafted reservist and volunteer forces from the early days of the republic to the present in the process he shows how americans have come to separate the benefits of citizenship from service to their country symptomatic of this separation is the current reliance on an all volunteer military a system that treats military service more as an occupation and opportunity for self advancement than as a civic duty and obligation drawing on a vast interdisciplinary literature in american history sociology political science and economics segal illuminates the ways demographics weapons technology international relations scientific management and social policies have

all affected the composition of america s armed forces he also shows how the military anticipated and expanded the american welfare system and played a pivotal role in creating better opportunities for minorities and women the capabilities and performance of u s armed forces in future conflicts will depend on a thorough understanding of and informed response to the crucial manpower issues segal discusses his thoughtful study should be required reading for military professionals and policymakers and will be of interest to anyone concerned about the future of this country s armed forces
