how can we gain new understandings about sex gender and sexuality what are the relationships between culture and gender diversity how has the diffusion of euro american culture affected the sex gender ideologies of non european cultures this eye opening account of the differences in how sex gender diversity is experienced in seven cultures raises our consciousness and challenges our intellectual understandings and attitudes about what we consider natural normal and morally right nandas examples which reveal the complexity of social responses toward sex gender diversity are ethnographically well documented and represent various geographical areas and sex gender ideologies in classic anthropological fashion nandas text enables us to cross the barriers of cultural difference to a recognition of a greater shared humanity

what is gender few words today generate as much controversy as gender students parents and educators are asking how many genders are there what if my daughter says she s trans do some people have an intersex brain should i use their preferred pronouns is gender a social construct does surgery prevent suicide are puberty blockers safe what if i experience gender dysphoria in male female other jason evert addresses the most common claims of

gender theory and shows how to respond with charity and clarity if you care about someone who identifies as trans and don't know how to respond or you experience gender dysphoria and wonder what god's plan is for you you'll find the answers inside

the most comprehensive history of transgender medicine to date as told by more than forty scholars physicians psychologists and activists from trans gender diverse and allied medical communities arriving at a critical moment in the struggle for transgender rights a history of transgender medicine in the united states takes an empathic approach to an embattled subject sweeping in scope and deeply personal in nature this groundbreaking volume traces the development of transgender medicine across three centuries centering the voices of transgender individuals debunking myths about gender affirming care and empowering readers to grasp the complexities of this evolving field more than forty contributors including patients advocates physicians psychologists and scholars weave an illuminating sometimes surprising narrative of collaboration and conflict between trans people and the scientists who have studied and worked with them an indispensable guide to understanding the current tumult surrounding trans health care access in the united states the volume underscores a crucial message gender diversity is not a new phenomenon but an integral part of our shared human history

early childhood sexuality puberty and adolescence

why human biology is far more expansive than the simple categories of female and male being human entails an astonishingly complex interplay of biology and culture and while there are important differences between women and men there is a lot more variation and overlap than we may realize sex is a spectrum offers a bold new paradigm for understanding the biology of sex drawing on the latest science to explain why the binary view of the sexes is fundamentally flawed and why having xx or xy chromosomes isn't as conclusive as some would have us believe in this lively and provocative book leading biological anthropologist agustín fuentes begins by tracing the origin and evolution of sex describing the many ways in the animal kingdom of being female male or both turning to humans he presents compelling evidence from the fossil and archaeological record that attests to the diversity of our ancestors sexual bonds gender roles and family and community structures and shows how the same holds true in the lived experiences of people today fuentes tackles hot button debates around sports and medicine explaining why we can acknowledge that females and males are not the same while also embracing a biocultural reality where none of us fits neatly into only one of two categories bringing clarity and reason to a contentious issue sex is a spectrum shares a scientist's perspective on why a binary view of sex and gender is not only misguided but harmful and why there are multitudes of ways of being human

providing a fascinating look at the science of sex and what makes people male or female this book explains dozens of intersex conditions such as hermaphroditism klinefelter syndrome and androgen insensitivity syndrome and includes personal interviews with people living with

these conditions telling their surprising and often heart wrenching stories even doctors and scientists are not entirely sure if external genitalia internal sex organs chromosomes dna environment or some combination define a person s sex but this examination shows that sex is not an either or proposition not girl boy xx xy there are babies born xyy xxx or with any dozen or more known variations in the x or y chromosomes the history and the current treatment for intersex conditions as well as the options that are available today for the ambiguous child are covered in this captivating account that truly shows what it means to be human

newly revised and updated this classic manifesto is a foundational text for anyone hoping to understand transgender politics and culture in the u s today npr a landmark of trans and feminist nonfiction *Whipping Girl* is julia serano s indispensable account of what it means to be a transgender woman in a world that consistently derides and belittles anything feminine in a series of incisive essays serano draws on gender theory her training as a biologist her career in queer activism and her own experiences before and after her gender transition to examine the deep connections between sexism and transphobia she coins the term transmisogyny to describe the specific discrimination trans women face and she shows how in a world where masculinity is seen as unquestionably superior to femininity transgender women s very existence becomes a threat to the established gender hierarchy now updated with a new afterword on the contemporary anti trans backlash *Whipping Girl* makes the case that today s feminists and transgender activists must work to embrace and empower femininity in all of its wondrous forms and to make the world safe and just for people of all genders and sexualities
