concern and debate over changes to family life have increased in the last decade as a result of evolving employment patterns shifting gender relations and more openness about sexual orientation most politicians and researchers have viewed these changes as harmful suggesting that the family as an institution should not alter the new family challenges these dominant views leading academics in the field consider current diverse practices in families and reveal the lack of balance between policies based on how families should be and how they actually are illustrating the need for a broader definition of family this book shows the need to take fluidity and change in family arrangements seriously rather

managing a major remodel of your home involves learning various aspects of a construction project permitting hiring contractors clarifying what you really mean and want managing a budget overseeing quality avoiding regrets doing what s right for yourself and standing up for yourself it s a big job the learning curve is high and often we homeowners don t get to apply the skills we learned again in this book the stories of a couple going through this learning curve is told through the lens of a novice just like a conversation with a homeowner over a cup of tea what they thought they wanted a brand new house in modern minimalist style with solar panels and recycled materials is very different than what they ended up with remodel of a 90 year old house in the classic arts and crafts style to meet the stringent international building standard called passive house what caused this shift how did they choose the contractor how did they navigate out of overwhelm of green building choices how did they manage the relationships what would they do differently was it worth it this book chronicles the journey by a couple from

choosing the location through living in the house after the renovation completion it wasn't all about finding smart people and following expert guidance when expert opinions diverged and they got stuck in analysis paralysis they had to trust their judgment and chose what they felt was right for them after all they'll be living in the house for years after the experts are gone reviews for midori haus chie kawahara is a storyteller her book midori haus tells a compelling story in a conversational style about a couple who wanted to remodel an older home that would use as little energy as possible and was comfortable and healthy to live in anyone who has an interest in green building doing right for oneself and the planet will find a friend in this book jim gunshinan editor home energy magazine midori haus serves as a journey of adapting learning greening nurturing and caring for an old house by renewing the house to address current and future environmental challenges the narrative is delightfully educational the design process of achieving the passive house standard will be better understood through these stories and conversations alison g kwok ph d aia cphc university of oregon the international passive house standard has gained a deserved reputation as the fastest growing building energy efficiency standard in the world unsurprisingly publications about it have mostly been by and for industry professionals midori haus represents an alternative introducing readers to passive house through the eyes of a homeowner undertaking a remodeling project chie kawahara takes readers along on her journey of discovery and remodeling triumph she makes the process understandable and accessible and readers are given practical tools they can use on their own passive house projects there's nothing like a good case study told by the people involved to bring abstract concepts to life midori haus doesn't disappoint elrond burrell architect cphd blogger in this delightful book chie kawahara describes the process she and her husband went through to purchase a 1920s bungalow and turn it into a state of the art healthy green passive house this account of their experiences is highly instructional for anyone considering buying and renovating a house and it's a wonderful read alex wilson founder buildinggreen inc

the strategic manager provides a comprehensive logical and applied insight in strategic management unlike some more theory heavy texts this book focuses on how strategy works in everyday practice taking readers expectations and understanding beyond that of strategy as a matter of planning only it enables the reader to learn and reflect upon their practical skills and knowledge and critically evaluate the strategy process and their own strategic decision making the book is based around six different strategy theories individually presented and supplemented with useful lists of questions that encourage readers to become competent strategic thinkers this third edition has been fully updated throughout including fresh case studies and examples from across asia africa and south america that bridge theory with practice new strategy practice boxes considering the importance of cooperation and strategic alliances and reflective questions to aid understanding essential reading for postgraduate students of strategic management mba students and those in executive education this text will also be a useful tool for reflective managers trying to develop a better understanding online resources include chapter by chapter powerpoint slides
