who is the christ what is the sun spirit how should we understand the person of
jesus in relation to the cosmic christ or even to the holy trinity in a majestic
overview of rudolf steiner s extensive references to christ and jesus originally
dispersed throughout his many writings and lectures oskar kürten creates a
mutually reconcilable and coherent text we are invited to accompany the author
as he attempts to comprehend the unimaginably vast enigma of christ s
appearance on earth the results of his work can sometimes be overwhelming but
as kürten points out humanity is always advancing in its intellectual and spiritual
culture and each step poses higher demands on our capacity to understand in a
volume comprising three previously untranslated booklets composed originally as
study material for people conversant with the fundamentals of anthroposophy
mystery of the christ gives numerous pointers to great mysteries inviting readers
to penetrate ever more deeply into the inexhaustible subject matter as kürten

states this approach enables us again and again to find surprisingly new insights into the mysterious interconnections in which christ s entry into earth existence and the mystery of golgotha are placed

human rights in peace and development are accepted throughout the global south as established normative and beyond debate only in the powerful elite sectors of the global north have these rights been resisted and refuted the policies and interests of these global forces are antithetical to advancing human rights ending global poverty and respecting the sovereign integrity of states and governments throughout the global south the link between poverty war and environmental degradation has become evident over the last 60 years further augmenting international consciousness of these issues as interconnected with the rest of the human rights corpus this book examines the history of this struggle and outlines practical means to implement these rights through a global framework of constitutional protections within this emerging framework it argues that states will be increasingly obligated to formulate policies and programs to achieve peace and development throughout the global society
