with the aid of hundreds of photographs an in depth exploration of the role of religion an innovative thematic presentation of the role of religion in human society from traditional cultures to the modern world this comprehensive account will prove invaluable for students experts or the interested general readers seeking an understanding of the

nature and significance of diverse religious experience drawing from all major religious traditions in the world as well as a variety of non religious disciplines such as psychology philosophy and sociology modern s informative study covers everything from art and history to theology and the world wide

surveys the history of religion identifies four ways of being religious and discusses secularism skepticism nihilism and humanism

the overwhelming majority of people in the world 85 are religious and more religions are now practiced in the united states than in any other country religion plays a critical role in international politics in the global economy and in a wide variety of social and cultural interactionson the domestic front even though religion is such an integral part of today s world many americans have difficulty discussing it publicly they are often unfamiliar with any religion but their own finding other religions mysterious or even threatening offering a brief and accessible point of entry into the subject rethinking religion a concise introduction begins by highlighting the significance of religion in modern society and providing a simple definition that goes beyond vague notions of faith or belief in god drawing materialfrom a diverse range of religions including hinduism buddhism judaism christianity islam and primal religions author will deming walks readers through thirty examples of how religions work exploring the significance of religious events and pronouncements he also considers several topicsthat continue to fascinate and challenge westerners the ethics of studying someone else s religion the truth of religion the possibilities for preferring one religion over another religious pluralism and the contentious dialogue between science and religion enhanced by an innovative glossary of religious terms and numerous pictures and analyses of everyday religious activities rethinking religion a concise introduction is ideal for introducing students to the concept of religion and for courses in comparative and world religions it is alsocaptivating reading for theologians scholars and anyone interested in the topic

this updated textbook unravels the complex issues related to methodology and theory in the study of religion it equips students with the knowledge needed for the academic study of religion explaining the history of the methodology including ideas of key theorists and discusses key issues in the field such as gender phenomenology and the insider outsider discourse updated throughout additional material includes new chapter on colonialism and post colonialism new chapter on insider outsider discourse coverage of cyber religion and the internet as a research tool in religious studies study and classroom features in each chapter include chapter outlines case studies boxed key concepts discussion questions chapter bibliographies the text is illustrated throughout with 35 images and extra resources can be found online including additional coverage of levels of religion

freedom of religion a comparative law perspective consists of five chapters looking at freedom of religion particularly the display of religious symbols in poland italy hungary and the united states it provides a concise and very insightful look into the legal regimes of four nations allowing reader to get a solid comparative view of public religious displays in these countries each chapter has sufficient depth and overall this edited volume will be a useful resource to scholars and jurists in this area dr james c phillips stanford university s constitutional law center the presented volume leads to an in depth reflection on the issue of the display of religious symbols in the public sphere which is widely discussed today most of the articles prove that secularism of the contemporary state ruled by law targets christian symbolism cross cradle the decalogue christian religious symbols shall always be inscribed in the temporal order otherwise they have no chance to be displayed in the public sphere in this way the rights of catholic believers as one of the dominant religious groups are restricted in the name of the protection of religious and areligious minorities as a result the aim is to bring about the actual equality of all religions and ultimately the final removal of the christian tradition from western culture against this background polish as well as hungarian and italian judicial decisions present a different approach which as the authors of the volume prove presents a position in favour of the presence of religious symbolism in the public sphere the multifaceted evaluation of the inconsistency casuistry and nuance of the jurisprudence of the us supreme court is extremely creative and interesting it allows to conclude that the jurisprudence of the us supreme court which usually limits the presence of religious symbols in the public forum has not yet become universally binding the pluralism of philosophical and religious attitudes still constitutes the axiological core of american democracy prof dr hab andrzej dziadzio jagiellonian university in kraków

latin america plays an increasingly important role in the development of modern christianity yet it has been underrepresented in current scholarship on religion and science in this first book on the subject contributors explore the different ways that religion and science relate to each other

over the past three decades migration has become the main driver of population growth or of preventing its decrease in many eu countries the presence of so many families with a migrant background is however to some extent an unexpected phenomenon arising from the permanent settlement of migrant guest workers expected to be temporary residents and from other unplanned processes such as decolonization and the influx of asylum seekers moreover family reunification is today one of the main legal channels by which migrants come to europe so it is no coincidence that the main issues animating european public debate on inter ethnic coexistence involve family religion and the relationships between genders and generations finally the migrant family has to some extent become a

lens through which to analyze many key topics connected with the present and future of european societies this work migrant families and religious belonging is a collection of nine essays exploring the relationship between family religion and immigration these essays mainly focus on the integration process with particular attention to the experience of migrants offspring the book consists of an introductory chapter and four thematic sections and topics covered include gender equality forced marriages child fostering care and religious radicalization the relationship between family religion and immigration provides a fascinating perspective to explore and shed light on european society today the book will be of interest to a wide range of academics researchers and practitioners

seeing through religion is a cutting edge textbook designed to help students in their study and research of the world s religious traditions providing the tools to learn this valuable subject theoretically mcgovern argues that religion isn t a thing out there in the world it s the glasses on your face through which you see the world shaped by western history and in particular christianity by exploring the major religious traditions and comparing stereotypes about them to reality this textbook establishes how the lens of religion systematically distorts our perception of the world topics covered include what is religion colonialism and the two faces of orientalism islam does fear imply difference buddhism a philosophy or a religion hinduism a polytheistic or a monotheistic religion chinese religion what is it and where can we find it indian religions how can one religion include another tibetan buddhism is it still buddhism judaism a religion or an ethnicity indigenous traditions what gets counted as a religion secularism can we put religion in a box how is the way we think about religion influenced by the theology of martin luther how does the christian paradigm of religion distort our perception of christianity itself this textbook not only provides a survey of important religious traditions but also guides the reader on how to study religion in a methodologically sophisticated way this innovative volume is essential reading for those who want a contemporary and engaging approach to the study of world religions

though considered by devotees to be perhaps the most potent expression of religious faith dying for one s god is also one of the most difficult concepts to understand this work seeks to foster a greater understanding of these acts

the multi national region of europe situated between the german speaking lands and those of the former soviet union has witnessed various forms of nationalism over the last 200 years this book seeks to explain these eastern european nationalisms

why do people study religion how have they studied it in the past how do we study religion today is the academic study of religion the same as religious education these and many

other questions are addressed in this engaging introduction to the discipline of religious studies topics include definitions of religion perspectives in the study and teaching of religion how religion began to be studied traditional perspectives philosophical and theological how people experience religion perspectives in the study of religious consciousness and perception phenomenological and psychological studying religion within communities social and cultural perspectives anthropological sociological political and economic judging religion critical perspectives feminist approaches the interaction of popular literature and religion contextual perspectives historical and comparative themes theories and current directions this thoroughly updated second edition encourages students to think critically about the theories and methods presented students will find arguments for the strengths and limitations of these approaches understand connections among religious studies and other intellectual movements and develop their own ideas of how they might want to go about the study of religion summary boxes discussion questions a glossary a chronology of key figures and texts and other pedagogic aids help students grasp key concepts
