reveals the transformative spiritual work by which the soul can reach ever higher dimensions of consciousness  
relates the soul levels of the zohar to the various paths the soul may travel toward ultimate realization introduces a  
new meditative technique called the transformative moment throughout the history of the jewish esoteric tradition  
humankind has been understood to play a pivotal role in the perfection of the cosmos uniting the finite with the

infinite in the perfection of divine personality working from an original synthesis of the major kabbalistic traditions of cosmology derived from the bible the zohar and the school of isaac luria leonora leet has erected a new framework for understanding the mechanism of the transformative spiritual work that enables the human soul to reach increasingly higher dimensions of consciousness this analysis extends the frontiers of leet s prior works on the kabbalah to provide a new illumination of human possibilities leet first considers the false temptations of worldly power and pleasure that lead to the fall of the soul and then the means of its redemption she develops a powerful meditative technique called the transformative moment whose workings are exemplified by jacob and joseph and that allow the individual to progress through all the higher levels of the soul even possibly to attain the miraculous powers of the legendary spiritual masters she further correlates the hierarchy of soul levels with ezekiel s throne vision to show the various paths the soul may travel toward self realization sex love power knowledge holiness and unification the first four paths relate to the four faced living creatures chayot of ezekiel s throne vision the bull ox lion eagle and man the final two paths correlate to the prophet and the envisioned man on the throne he recognizes to be his divine higher self the knowledge that defines the secret doctrine of the whole of the jewish mystical tradition culminating in the kabbalah

a guide to how meditations and principles from the kabbalah can be used to profoundly renew spiritual practice reveals transformational meditations and visualization exercises based on the profoundest truths concealed in the kabbalah the covenant that bound god to the patriarchs in a special relationship of obligation and empowerment was renewed by god with israel at sinai and moab each of these three jewish covenants can be associated with a particular spiritual practice the patriarchal covenant with father isaac s practice of meditation the sinai covenant of holiness with the observance of the sabbath required in its ten commandments and the moab covenant of love comprising the entire mosaic torah with the practice of prayer instituted there in renewing the covenant leonora leet shows how this ladder of increasingly demanding and potent covenantal practices can enable one to ascend to ever higher levels of mystical judaism at this threshold of a new millennium increasing numbers of people are seeking a more direct connection with the divine to aid such a process renewing the covenant provides new paths for entering the treasurehouse of jewish spirituality and achieving higher consciousness paths that can deepen the devotions of both nonobservant and traditionally observant jews this process of covenant renewal begins with effective kabbalistic

techniques of meditation combining mantra with visualization proceeds through the return to a reconstructed sinai sabbath and arrives at the culminating practice of ritual prayer whose performance can fulfill the kabbalistic purpose of creation when undertaken in the steps laid out by dr leet this process can help many to discover forms of spiritual practice precisely tailored for the modern world as well as a new appreciation for the rich spiritual heritage of judaism
