in a noisy world the cultivation of quiet may feel like a luxury you do not have
but it is also vital to your spiritual life when we spend our days distracted by
social media news entertainment and jam packed schedules we make it nearly
impossible to experience the kind of thought life that allows us to grow into the
people god created us to be to become more and more like jesus we re too busy
and distracted to notice the people and situations god has placed in our path
for our spiritual benefit reclaiming quiet is your invitation to discover the
profound joy of resisting our cultural obsession with distraction and instead
cultivating a life of holy attention with practical strategies to add stillness
listening and rest into your daily rhythms this book shows you how to care for
your inner life listen to the voice of god in the everyday stay grounded in the

now while looking with hope and expectation to the future you're more than a viewer a user or a consumer you are a child of god a recipient of his grace a disciple who is seeking to follow him more closely it's time to reclaim all that it's time to seek out some holy quiet

in this handbook on a growing public menace clifford r bragdon applies acoustical engineering and social science to the least understood yet one of the most serious environmental hazards of modern society this book is a precision tool it gives facts and figures precise scientific measurements and accurate data on what noise is what it does and how to combat it the author pinpoints the noise levels many of them illegal of automobiles buses subways airplanes household appliances and children's toys in numerous charts and tables and relates these data to the measurable social physical and psychological damage they do to human beings he catalogues the noise free claims of manufacturers of these products in an appendix that speaks for itself a thorough case study of an area near philadelphia international airport and other townships including five hundred households the author evaluates existing noise abatement programs on local state and federal levels and finds most of them seriously inadequate as steps toward the solution to the noise crisis he proposes a system for rating environmental health new approaches to community noise management and a variety of architectural suggestions the bibliography probably the most complete and up to date source collection on the subject ever assembled is an invaluable reference work in itself it lists over five hundred sources arranged in six major categories noise general physical effects psycho social effects law noise abatement and noise sources noise pollution is indispensable not only for the concerned citizen but for all those who can and must take immediate and effective action in our unquiet crisis urban planners architects hospital administrators public health officials transportation executives lawyers realtors sound engineers manufacturers of transportation equipment and household appliances and community leaders it is a vital resource in dealing with the noise crisis that is destroying pleasure lowering work performance eroding health causing physical injury and even challenging basic human survival

popular science gives our readers the information and tools to improve their technology and their world the core belief that popular science and our readers share the future is going to be better and science and technology are the driving forces that will help make it better

this much is clear to me if i can't change my own life in response to the greatest challenge now facing our human family who can and if i won't make the effort to try why should anyone else so i've decided to start at home and begin with myself the question is no longer whether i must respond the question is whether i can turn my response into an adventure after realizing the gaping hole between his convictions about climate change and his own carbon footprint

kurt hoelting embarked on a yearlong experiment to rediscover the heart of his own home he traded his car and jet travel for a kayak a bicycle and his own two feet traveling a radius of 100 kilometers from his home in puget sound this circumference of home proved more than enough part quest and part guidebook for change hoelting s journey is an inspiring reminder that what we need really is close at hand and that the possibility for adventure lies around every bend

introduces students to the scientific study of language using the basic principles of complexity theory

this book a critical edition of a previously unpublished 1935 manuscript makes a drama of the southwest available to readers for the first time

although east asian religion is commonly characterized as syncretic the historical interaction of buddhist confucian and other traditions is often neglected by scholars of mainstream religious thought in this thought provoking study janine sawada moves beyond conventional approaches to the history of japanese religion by analyzing the ways in which neo confucianism and zen formed a popular synthesis in early modern japan she shows how shingaku a teaching founded by merchant ishida baigan blossomed after his death into a widespread religious movement that selectively combined ideas and practices from these traditions drawing on new research into original shingaku sources sawada challenges the view that the teaching was a facile merchant ethic by illuminating the importance of shingaku mystical experience and its intimate relation to moral cultivation in the program developed by baigan s successor teshima toan this book also suggests the need for an approach to the history of japanese education that accounts for the informal transmission of ideas as well as institutional schooling shingaku contributed to the development of japanese education by effectively disseminating moral and religious knowledge on a large scale to the less educated sectors of tokugawa society sawada interprets the popularity of the movement as part of a general trend in early modern japan in which ordinary people sought forms of learning that could be pursued in the context of daily life
