reminding us that the genevan reformation does not begin and end with john calvin this book provides an introduction to guillaume farel 1489 1565 one of several important yet often overlooked french speaking reformers born in 1489 near gap france farel was an important first generation french speaking reformer and one of the most influential early leaders of the reform movement in what is now french speaking switzerland educated in paris he slowly began to question catholic orthodoxy and by the 1520s was an active protestant preacher resulting in his exile to switzerland part of farel s aggressive work in this area brought him to geneva several times where in 1535 and 1536 he secured votes in favour of the reform and later in 1536 persuaded the

young theologian John Calvin to stay Farel also penned Geneva's confession of faith of that year and their ecclesiastical articles of the next as such this volume underlines the fact that Calvin entered the reform movement in Geneva in a situation in which Farel had been already deeply involved to better understand that situation the book is divided into two parts the first provides a rich and nuanced portrait of Farel's early thought by way of interpretive essays the second section offers translations of a number of Farel's key texts these translations include some of the first widely accessible full length translations of Farel's work into English offering both a scholarly overview of Farel and his life and access to his own words this book demonstrates the importance of Farel to the reformation it will be welcomed not only by scholars engaged in research on French reform movements but also by students of history theology or literature wishing to read some of the earliest theological texts originally written in French

In texts from the mid Heian to the early Kamakura periods certain figures appear to be marginal or removed from centers of power but why do we see these figures in this way this study first seeks to answer this question by examining the details of the marginalizing discourse found in these texts who is portraying whom as marginal for what reason is the discourse consistent the author next considers these texts in terms of the predilection of modern scholarship both Japanese and Western to label certain figures marginal she then poses the question is this predilection a helpful tool or does it inscribe modern biases and misconceptions onto these texts

The acclaimed Bible scholar and author of the historical Jesus and God Empire the greatest New Testament scholar of our generation John Shelby Spong grapples with Scripture's two conflicting visions of Jesus and God one of a loving God and one of a vengeful God and explains how Christians can better understand these passages in a way that enriches their faith many portions of the New Testament introduce a compassionate Jesus who turns the other cheek loves his enemies and shows grace to all but the Jesus we find in Revelation and some portions of the Gospels leads an army of angels bent on earthly destruction which is the true Revelation of the Messiah and how can both be in the same Bible how to read the Bible and still be a Christian explores this question and offers guidance for the faithful conflicted over which version of the Lord to worship John Dominic Crossan reconciles these contrasting views revealing how different writers of the books of the Bible not only possessed different visions of God but also different purposes for writing often these books are explicitly competing against another opposing vision of God from the Bible itself Crossan explains how to navigate this debate and offers what he believes is the best central thread to what the Bible is all about he challenges Christians to fully participate in this dialogue thereby shaping their faith by reading deeply reflectively and in community with others who share their uncertainty only then he advises will Christians be able to read and understand the Bible without losing their faith
