with an in depth exploration of the relationship between individual spiritual practice and global transformation this chronicle describes and outlines the possibilities of a cultivated global consciousness by looking at developing patterns in spirituality both individual and on a global level this resource aims to expand perceptions on a basic level of sacredness urging humanity to take more responsibility for its spiritual heritage and to step into the arena of spiritual service

lo femenino contiene el misterio de la creación esta verdad simple y primordial a menudo pasa desapercibida sin embargo en estos tiempos de crisis global que a su vez portan las semillas

de una transformación global es necesario que redespertemos al poder espiritual y al potencial de lo femenino las cualidades femeninas forman parte tanto del hombre como de la mujer y nos empujan hacia las profundidades de nuestro ser hasta los misterios del alma cuya sabiduría se denomina sofía sin lo femenino nada nuevo puede nacer nada nuevo puede llegar a la existencia quedaríamos atrapados en las imágenes materialistas de la vida que están contaminando nuestro planeta y profanando nuestras almas tenemos que volver al centro de nuestro ser al lugar donde lo sagrado se manifiesta en la existencia y la feminidad mística contiene la clave para poder llevar a cabo esta labor de redención y de transformación en las últimas dos décadas llewellyn vaughan lee ha impartido enseñanzas sobre lo femenino y el anima mundi el alma del mundo que por primera vez han sido recopiladas en este libro the feminine holds the mystery of creation this simple and primordial truth is often overlooked but at this time of global crisis which also carries the seeds of a global transformation we need to reawaken to the spiritual power and potential of the feminine feminine qualities belong to both men and women and they draw us into the depths within us into the mysteries of the soul whose wisdom is called sophia without the feminine nothing new can be born nothing new can come into existence we will remain caught in the materialistic images of life that are polluting our planet and desecrating our souls we need to return to the core of our being to where the sacred comes into existence and the mystical feminine holds the key to this work of redemption and transformation over the past two decades llewellyn vaughan lee has given different teachings on the feminine and the anima mundi the world soul they are compiled here for the first time

a los cincuenta años la persona posee un mundo interior muy diferente del que poseía a los veinte se relaciona de otro modo consigo misma su sexualidad es totalmente distinta y cambia su escala de valores en cuanto a carrera familia y sociedad el adulto es mucho más que un niño que creció es sorprendente que tan pocos estudios psicológicos se hayan dedicado a la edad madura la terapia se interesa ante todo por la infancia y la proyecta sobre la madurez a veces parece que la actitud de la psicología en este campo se limita a enumerar las funciones que van deteriorándose en el camino hacia la vejez la mayoría de los individuos no son conscientes de las oportunidades de desarrollo continuo que tienen lugar en todas las edades y del nuevo florecimiento que se produce en la segunda mitad de la vida cuando edipo creció procura estimular la percepción de ese crecimiento definir la singular cultura que deriva del mismo y obtener el máximo de satisfacción

guía y recorrido por la convicción de que el psicoanálisis representa un punto de vista nodal en la historia del pensamiento humano aunque lo haga bajo la forma de la provocación o más bien por eso pues no cabe duda de que recostarse en el diván y buscar la sabiduría mientras decimos disparates es un desafío quizás incluso un insulto a las bien definidas rutinas de la filosofía analítica
