the philosopher george santayana once said those who cannot remember the past are condemned to repeat it his statement rings true in my book healthy family tree genealogy is a story of departed moments that unless you pursue them become lost in historical dust i am a teacher of genealogy a little background as to why my daughter shirlee asked me for help with a school project called creating a family tree she was a teenager at the time and i was thrilled because i thought now she was speaking my language while instructing her how to search our grandparents births and what manner of death was documented we became aware of similarities and the cause of death became a frequent pattern among families this in itself piqued my imagination because similar trends were present in myself and my immediate family i began to think what if you could determine a flaw in your body from searching a

family tree and ultimately finding a way to protect yourself before it becomes an issue wow i had never linked these together i have studied herbs for years on how they can help the human organs so now this made it a challenge this project screams yes yes yes i do believe it s possible oh and one more yes shirlee aced her project and gave me the brainchild for this book healthy family tree annabell edwards romero
