the unsettling context of late modernity a terrain of an infinite fragmentation of life poses a challenge to christianity to rearticulate its defining doctrine of the trinity christianity's initial messianic weakness in that its canonical writings attest to a universal message of redemption for the victims of empire was subverted into the strong theology of the empire this book demonstrates that trinitarian discourse was profoundly implicated in this development as it essentially absorbed and took the bite out of the messianic language of the early christian movement zathureczky proposes a retrieval of the messianic discourse of christianity by way of recapturing its redemptive weakness relying on an elective affinity between walter benjamin's messianism and jürgen moltmann trinitarianism he attempts to recapture the weakness and fragility of the language of the initial messianic impulse of the christian community the resulting weak trinitarianism retains the basic character of christianity as a trinitarian faith but now trinitarian discourse about god is simultaneously messianic discourse a

while serious studies of the bible s rhetoric have been written for academic readers few have attempted to examine the persuasiveness of speeches directly assigned to the biblical god that so many believe in and worship further no critic has yet tried to analyze how this god tries to invent and develop his arguments in the bible as it has come down to us or how this god arranges those arguments or the styles he adopts to make them and the roles memory and delivery play in his arguments eloquence divine is one agnostic s attempt at such a study those in the humanities educators and their students graduates and undergraduates interested in rhetoric persuasive language religion and the bible are the ones most likely to be interested in this book s explorations in the hope that these readers whatever their beliefs or theoretical preferences can gain greater understanding of how one a fairly popular version of god strives through his eloquence to affect the human audiences in the bible from the introduction
