competition talent shows have been among the most popular on television in the 21st century the producers of these shows claim to give ordinary people extraordinary opportunities to change their lives by showcasing a specific skill leading to a new career trajectory most participants will claim that they entered to get a big break and to develop a career they have always dreamed of to what extent do these shows deliver on such promises following through what happens to leading contestants in singing entertainment modelling cooking and business entrepreneur competitions this book shows that few go on to achieve lasting success in their chosen career many return to obscurity or to their previous lives some enjoy a low level career in the new direction delivered by the competition they entered just a few become truly successful the pop and entertainment themed contests have discovered just a handful of major pop stars and entertainers out of many hundreds who have taken part after the initial auditions turning to the cookery or business franchises there are few who go on to achieve lasting success in their chosen career in these it is equally likely that the winners go on to enjoy success with media careers rather than as chefs or entrepreneurs the most successful franchise of all is the fashion model competition next top model which has yielded a high hit rate in terms of career success what the analysis here also reveals is that it isn't only the winners who ultimately benefit the most from their appearances in these shows moreover television picks its own stars by recruiting contestants because they are telegenic or have a good backstory as much as for their relevant talents in this way a talent hungry medium has co

~~opted these franchises to replenish its own needs~~

this book presents a data driven message that exposes the cyberwar media campaign being directed by the pentagon and its patronage networks by demonstrating that the american public is being coerced by a threat that has been blown out of proportion much like the run up to the gulf war or the global war on terror this book discusses how the notion of cyberwar instills a crisis mentality that discourages formal risk assessment making the public anxious and hence susceptible to ill conceived solutions with content that challenges conventional notions regarding cyber security behold a pale farce covers topics including cybercrime modern espionage mass surveillance systems and the threats facing infrastructure targets such as the federal reserve the stock exchange and telecommunications in a way that provides objective analysis rather than advocacy this book is a must read for anyone concerned with the recent emergence of orwellian tools of mass interception that have developed under the guise of national security

former executive editor of the new york times and one of our most eminent journalists jill abramson provides a valuable and insightful the boston globe report on the disruption of the news media over the last decade as shown via two legacy the new york times and the washington post and two upstart buzzfeed and vice companies as they plow through a revolution that pits old vs new media a marvelous book the new york times book review merchants of truth is the groundbreaking and gripping story of the precarious state of the news business the new digital reality nearly kills two venerable newspapers with an aging readership while creating two media behemoths with a ballooning and fickle audience of millennials abramson provides this deeply reported insider account of an industry fighting for survival with a keen eye for detail and a willingness to interrogate her own profession abramson takes readers into the newsrooms and boardrooms of the legacy newspapers and the digital upstarts that seek to challenge their dominance vanity fair we get to know the defenders of the legacy presses as well as the outsized characters who are creating the new speed driven media competitors the players include jeff bezos and marty baron the washington post arthur sulzberger and dean baquet the new york times jonah peretti

~~buzzfeed and shane smith vice as well as their reporters and anxious readers merchants of truth raises crucial questions that concern the well being of our society we are facing a crisis in trust that threatens the free press one of the best takes yet on journalism s changing fortunes publishers weekly starred review abramson s book points us to the future~~

sisterly love women of note in pennsylvania history is a collection of biographical sketches of women who have made or are making significant contributions to pennsylvania history the authors of each chapter span across several disciplines and colleges in the philadelphia area through sepche the southeast pennsylvania consortium of higher education in these essays you will meet artists political leaders entrepreneurs teachers computer experts environmentalists abolitionists and more some of these women are well known many are not yet each has helped to shape the state of pennsylvania in compelling and meaningful ways

americans think of their country as a welcoming place where everyone has equal opportunity yet historical baggage and anxious times can restrain these possibilities newcomers often find that civic belonging comes with strings attached riddled with limitations or legally punitive rites of passage for those already here new challenges to civic belonging emerge on the basis of belief behavior or heritage this book uses the term elsewhere in describing conditions that exile so many citizens to some other place through prejudice competition or discordant belief yet in another way elsewhere evokes an undefined not yet ripe with potential in the face of america s daunting challenges can elsewhere point to optimism hope and common purpose through 12 detailed chapters the book applies critical theory in the humanities and social sciences to examine recurring crises of social inclusion in the u s after two centuries of incremental progress in securing human dignity today the u s finds itself torn by new conflicts over reproductive rights immigration health care religious extremism sexual orientation mental illness and fear of terrorists is there a way of explaining this recurring tendency of americans to turn against each other elsewhere in america engages these questions charting the ever changing

faces of difference manifest in contested landscapes of sex and race to such areas as disability and mental health their spectral and intersectional character recent discourses on performativity normativity and queer theory and the grounds on which categories are manifest in ideation and movement politics metapolitics cosmopolitanism dismodernism

seize the competitive edge through intelligent differentiated capital allocation the intelligent deployment of capital is one of the most effective ways to create long term value but despite this there are very few capital allocation experts on the boards of the largest publicly traded companies and academic research consistently finds that most firms deploy capital sub optimally capital allocation aims to educate senior leaders board members investors students and anyone interested in business on this important topic until now very little has been written on capital allocation outside of academia even though the strategic deployment of excess capital is an increasingly significant source of competitive advantage for many companies david giroux chief investment officer for equities and multi asset and head of investment strategy at t rowe price covers the entire gamut of capital allocation issues including optimal capital structure capital allocation alternatives mergers acquisitions and special situations capital allocation walks you through this critical topic from beginning to end including stories of companies that allocated capital in ways that created significant shareholder value several real life decision making models you can use for strategically allocating your firm s capital guidelines for generating high returns in the long term to build sustainable shareholder wealth giroux uses academic research personal experience and uncomplicated mathematics to reveal approaches and actions that create long term value he provides case studies from kodak comcast thermo fisher scientific danaher general electric microsoft and others showing how capital allocation has and hasn t worked in real life situations and he shows how to use capital allocation to head off possible activist investors capital allocation offers everything you need to know for deploying capital wisely to outperform your competitors over the long term
