claude debussy's 12 Études were composed in 1915 in memory of frederic chopin he admits that these are extremely difficult to play and describes them as a warning to pianists not to take up the musical profession unless they have remarkable hands includes Étude 1 5 fingers after monsieur czerny Étude 2 thirds Étude 3 fourths Étude 4 sixths Étude 5 octaves Étude 6 eight fingers Étude 7 chromatic degrees Étude 8 ornaments Étude 9 repeated notes Étude 10 opposing sonorities Étude 11 composite arpeggios Étude 12 chords

etudes are musical compositions that focus on improving technique book 1 in this series features high quality elementary piano etudes by famous pianist teachers in a variety of styles each etude is prefaced with useful composer facts and practice advice technical study at the elementary level is characterized by playing in parallel motion and contrary motion in five finger patterns simple hands together coordination two note slurs three note slurs basic articulations staccato legato repeated notes broken chords and more

a comprehensive collection of technical experiences for students in the late elementary and intermediate years time honored etudes meticulously organized graded and edited plus detailed and invaluable suggestions for musical rhythmic and physical practice designed for use with the four book musical fingers series of essential exercises

this collection of etudes for late intermediate to early advanced pianists includes pieces by cramer macdowell czerny moscheles and moszkowki the etudes provide an enjoyable way to develop technique thereby preparing the student for more challenging repertoire the book contains concise biographies of each composer and features carefully thought out fingering for each etude

the etudes by frédéric chopin comprise a total of twenty seven solo studies for the piano numbered opus 10 and 25 and a set of three without opus number chopin's etudes are the foundation of a new system of technical piano playing that was radical and revolutionary the first time they appeared they are some of the most challenging and evocative pieces of all the works in concert piano repertoire this volume is from the first critically revised complete edition includes the complete etudes of opus 10 and opus 25 along with 3 posthumous etudes

this essential collection of 100 piano études is divided into 15 units that survey the technical challenges at the early intermediate intermediate and late intermediate levels the early units review technical issues that students experience at the elementary levels such as five finger patterns and articulations the later units introduce more difficult technical challenges that prepare students for advanced repertoire such as playing ornamentation octaves and large chords each unit contains between five and ten études written by master composers from the baroque

classical romantic and contemporary periods within each unit the études are arranged in order of difficulty each piece appears in its original form notes have not been added or removed the composers original dynamics tempo marks phrase indications and articulations have been preserved ornamentation is realized in footnotes added measure numbers provide easy reference and editorial suggestions for fingering and pedaling have been provided a concise foreword discusses technique at the intermediate levels two indexes are included one by unit and technical skill and another by level and composer unit listing five finger patterns articulation coordination between the hands scales triads inversions and broken chords double notes left hand development velocity arpeggios finger and hand independence repeated notes accompaniment patterns ornamentation octaves four and five note chords titles alla tarantella from 12 Études op 39 no 2 macdowell Étude in a minor arabesque from 25 easy and progressive studies op 100 no 2 burgmüller Étude in b flat major from 25 melodious studies op 108 no 10 schytte Étude in c major from practical method for the pianoforte op 249 no 65 köhler Étude in f major from the first steps of the young pianist op 82 no 39 gurlitt Étude in g major from 25 elementary studies op 176 no 20 duvernoy Étude in d minor warrior s song from 25 melodic studies op 45 no 15 heller Étude in g minor from training of the left hand op 89 book ii no 6 berens exercise in c major from Étude for the pianoforte op 39 no 1 cramer little Étude from album for the young op 68 no 14 schumann maria romanza sin palabras from six expressive studies granados menuetto from first term at the piano sz 53 no 16 bartók and many more

the twenty etudes for piano were composed during the years from 1991 to 2012 their final configuration into book 1 and book 2 was determined by the music itself in the course of its composition book 1 etudes 1 10 had a twin objective to explore a variety of tempi textures and piano techniques at the same time it was meant to serve as a pedagogical tool by which i would improve my piano playing in these two ways book 1 succeeded very well i learned a great deal about the piano and in the course of learning the music i became a better player new projects came along and interrupted the work on the etudes for several years perhaps for that reason when i took up work with the etudes again i found the music was following a new path though i had settled questions of piano technique for myself in book 1 the music in book 2 quickly began to suggest a series of new adventures in harmony and structure in this way books 1 and 2 taken together suggest a real trajectory that includes a broad range of music and technical ideas in the end the etudes are meant to be appreciated not only by the general listener but especially by those who have the ability and patience to learn play and perform the music themselves

études are musical compositions that focus on improving technique book 1 in this series features high quality elementary piano études by famous pianist teachers in a variety of styles each étude is prefaced with useful composer facts and practice advice technical study at the
