an innovative new valuation framework with truly useful economic indicators the end of accounting and the path forward for investors and managers shows how the ubiquitous financial reports have become useless in capital market decisions and lays out an actionable alternative based on a comprehensive large sample empirical analysis this book reports financial documents continuous deterioration in relevance to investors decisions an enlightening discussion details the reasons why accounting is losing relevance in today s market backed by numerous examples with real world impact beyond simply identifying the problem this report offers a solution the value creation report and demonstrates its utility in key industries new indicators focus on strategy and execution to identify and evaluate a company s true value creating resources for a more up to date approach to critical investment decision making while entire industries have come to rely on financial reports for vital information these documents are flawed and insufficient when it comes to the way investors and lenders work in the current economic climate this book demonstrates an alternative giving you a new framework for more informed decision making discover a new comprehensive system of economic indicators focus on strategic value creating resources in company valuation learn how traditional financial documents are quickly losing their utility find a path forward with actionable up to date information major corporate decisions such as restructuring and m a are predicated on financial indicators of profitability and asset liabilities values these documents move mountains so what happens if they re based on faulty indicators that fail to show the true value of the company the end of accounting and the path forward for investors and managers shows you the reality and offers a new blueprint for more accurate valuation

while the implementation of evidence based medicine guidelines is well studied there has been little investigation into the extent to which a parallel evidence based management movement has been influential within health care organizations this book explores the various management knowledges and associated texts apparent in english health care organizations and considers how the local reception of these texts was influenced by the macro level political economy of public services reform evident

during the period of the politics of austerity the research outlined in this volume shows that very few evidence based management texts are apparent within health care organizations despite the influence of certain knowledge producers such as national agencies think tanks management consultancies and business schools in the industry bringing together the often disconnected academic literature on management knowledge and public policy the volume addresses the ways in which preferred management knowledges and texts in these publicly funded settings are sensitive to the macro level political economy of public services reform offering an empirically grounded critique of the evidence based management movement

in light of seismic global events including the covid 19 pandemic the black lives matter movement the war in ukraine and extreme weather incidents propelled by climate change there has never been a more important time to learn about management in ways that not only benefit business but also help confront the world s challenges support people and planet and contribute to peace and prosperity for all fully revised and once again endorsed by the un s principles for responsible management education prime initiative this popular textbook equips you with the skills to become a responsibly ethically and sustainably minded business professional featuring two brand new chapters on behaving and digitalizing over 50 new and updated case studies pioneer interviews and practitioner profiles as well as a wide range of exercises and worksheets the book also integrates the un s sustainable development goals sdgs to help promote sustainable development as essential to business and management today this essential textbook can be used for a wide range of courses from introductory business management to responsible sustainable management business ethics business and society and corporate social responsibility csr oliver laasch is a chaired professor of responsible management at escp business school and an adjunct professor of social entrepreneurship at the university of manchester

most people know what management is but often people have vague ideas about managerialism this book introduces managerialism and its ideology as a colonising project that has infiltrated nearly every eventuality of human society

advances in management accounting is a publication of quality applied research in management accounting the journal s purpose is to publish thought provoking articles that advance knowledge in the management accounting discipline and are of interest to

master s thesis from the year 2013 in the subject business economics business management corporate governance grade 2 0
prifysgol cymru university of wales course master of business administration in general management language english abstract in
taking on a recruiting assignment headhunters shoulder an enormous responsibility within the framework of the search for
competent qualified executives thanks to the development and expansion of a wide range of social media platforms there are
numerous partly unknown possibilities and means available to meet this challenge and select and identify suitable candidates who
are willing to perform and also have a personal integrity this master thesis examines the exciting question of whether social
media are suitable for the recruitment of executives by headhunters what new opportunities and tasks result from their use and
to what extent they are already being used by headhunters in particular in their search for executives for the fashion business in
germany using social media purposefully and systematically the suitability of potential candidates can be verified prior to
probationary periods or even personal interviews in a much better way than in former times in these times of demographic
change skills shortage war for talents companies increasingly doing their own recruiting conducted by personnel managers
growing significance of social media and resulting increase in information about persons and companies on the internet
headhunters in particular must prepare for these old and new trends the empirical study presented in this master thesis analyses
the current situation with regard to this development taking into account the results from the research discourse on the topics of
headhunters social media and the fashion business and including the results of the analysis of the study concrete recommendations
for action and potential for the future use of social media in the recruiting of executives by headhunters are made and elaborated

doctoral thesis dissertation from the year 2015 in the subject business economics investment and finance grade great distinction
ugsm monarch business school switzerland accounting and finance course doctor of philosophy in finance language english abstract
the dissertation examined earnings management and corporate governance governance practices of the firms that are listed on the
floor of the nigerian stock exchange the researcher investigated the published financial statements of all the listed companies
across all the sectors of the exchange using empirical quantitative research methods al the variables of earnings management were
extracted from the published annual financial statements and directors annual reports through content analysis the paper further

explored all the variables of corporate governance as published by the directors in the annual reports in the financial statements and through a face to face recorded interviews of the members of the board of directors the members of the audit committees and the heads of internal audit functions in the listed public companies the study documented that companies that are listed on the nigerian stock exchange are involved in both the upward and downward earnings management practices this findings cut across all the sectors and categorization of the companies on the nigerian stock exchange the research thus recommended the need for better oversight by the board of directors the audit committee and the market regulators mainly the security and exchange commission and the nigerian stock exchange the findings of the research on corporate governance is mixed in certain sectors evidence of strong corporate governance are documented as reflected in the quality of board members the quality of the deliberations at the board meetings the independence of the board the independence of the audit committee and the independence and effectiveness of the head of the internal audit function measured by the reporting line of the holder of this role in some sectors the ingredients of strong corporate governance were missing thus suggesting a need for a more stricter regime of corporate governance to be implemented in these corporations
