surveys the studies of battering and examines the characteristics of battered women and woman batterers

for those administrators with the responsibility of choosing a computer system applying computers in social service and mental health agencies suggests practical considerations about the purchase and implementation of a computer system dr slavin argues that social service and mental health agencies can use a computer system to enhance the quality and quantity of service provided to their clients pertinent issues are discussed such as the costs and benefits of competing hardware and software the contributions of the small computer and the development of systematic information systems that connect local and statewide data the book is a reliable resource that will aid wise decision making

generalist social work practice provides students with the foundational skills and knowledge needed to serve clients across micro mezzo and macro areas of practice author janice gasker engages students through evidence based pedagogy self reflection opportunities application and reinforcement of concepts and an abundance of critical thinking sections including profession practice standards such as the 2018 nasw code of ethics and 2022 epas updates to the second edition include an emphasis on critical race theory greater coverage of issues related to race and intersectionality and a new section on institutional racism in social work included with this title lms cartridge import this title s instructor resources into your school s learning management system lms and save time don t use an lms you can still access all of the same online resources for this title via the password protected instructor resource site learn more

a comprehensive guide to the alternative sociology originating in the work of dorothy e smith this handbook not only explores the basic founding principles of institutional ethnography ie but also captures current developments approaches and debates now widely known as a

sociology for people ie offers the tools to uncover the social relations shaping the everyday world in which we live and is utilized by scholars and social activists in sociology and beyond including such fields as education nursing social work linguistics health and medical care environmental studies and other social service related fields covering the theoretical and methodological underpinnings of ie recent developments and current areas of research and application that have yet to appear in the literature the palgrave handbook of institutional ethnography is suitable for both experienced practitioners of institutional ethnography and those who are exploring this approach for the first time

over the course of 20 years and eight editions the goals of the book have remained the same to prepare students to participate in evaluative activities within their organizations become beginning critical producers and consumers of the professional evaluative literature and reap the benefits of more advanced evaluation courses and texts the authors aim to meet these objectives by presenting a unique approach that is realistic practical applied and user friendly unlike other textbooks on the market program evaluation for social workers presents both program level evaluation and case level evaluation methods assuming that neither of these two distinct approaches alone adequately reflects the realities of the field the book demonstrates how they can instead complement each other this integration of approaches provides an accessible adaptable and realistic framework for students and beginning practitioners to more easily grasp and implement in the real world

since the first edition in 1981 social work research and evaluation has provided graduate level social work students with basic research and evaluation concepts to help them become successful evidence based practitioners evidence informed practitioners and practitioners who are implementing evidence based programs students will gain a thorough understanding and appreciation for how the three dominant research methodologies quantitative qualitative and mixed methods will help them achieve their professional goals regardless of their area of specialization written in clear everyday language this edition also includes the pedagogical features that will make it easy and effective for classroom use

a planned study program of the public health service administered by the national center for health statistics

this book was written for you a graduate social work student as an introduction to program evaluation we selected and arranged its contents so it can be used in a beginning one semester social work program evaluation course a social work administrative course or a program planning course it is designed to prepare you to participate in evaluative activities within your social service organization become a beginning critical producer of the professional evaluative literature become a beginning consumer of the professional evaluative literature master more advanced evaluation courses and texts
