david myers bestselling psychology has reached a wider audience of students and instructors with each new edition myers and his team lead the field in being attuned to psychology s research and the needs of the instructors and students in the course today ten million student class testers and thousands of adopting instructors can attest to the quality of this project true to form this landmark new tenth edition is another vigorous deeply considered revision

social psychology has a profound influence on our everyday lives from our shopping habits to our interactions at a party it seeks to answer questions that we often think and talk about questions such as what circumstances prompt people to help or not to help what factors influence the ups and downs of our close relationships why do some people behave differently when on their own compared to in a group what leads individuals sometimes to hurt and other times to help one another why are we attracted to certain types of people how do some persuade

others to do what they want this new edition of social psychology has been revised to introduce a more flexible structure for teaching and studying it includes up to date international research with an emphasis throughout on its critical evaluation applied examples across the chapters help to highlight the relevance and hence the impact that the theories and methods of this fascinating subject have upon the social world key features include research close up following a brand new style this feature matches the layout used in research papers providing an accessible introduction to journal articles and the research methods used by social psychologists focus on fully revised these boxes look at opposing viewpoints controversial research or alternative approaches to the topics this offers a more critical outlook and prompts the questioning of the validity of published research recommended readings new to this edition recommended further readings of both classic and contemporary literature have been added to each chapter providing a springboard for further consideration of the topics connect psychology is mcgraw hill's digital learning and teaching environment students you get easy online access to homework tests and quizzes designed by your instructor you receive immediate feedback on how you're doing making it the perfect platform to test your knowledge lecturers connect gives you the power to create auto graded assignments tests and quizzes online the detailed visual reporting allows you to easily monitor your students progress in addition you can access key support materials for your teaching including a testbank seminar materials and lecture support visit connect mcgraw hill com for more details professor david n myers holds the sady and ludwig kahn chair in jewish history as of fall 2017 he serves as the director of the luskin center for history and policy he previously served as chair of the ucla history department 2010 2015 and as director of the ucla center for jewish studies 1996 2000 and 2004 2010 dr jackie abell is a reader in social psychology with the research centre for agroecology water and resilience based at coventry university uk her current areas of research interest include the application of social psychology to wildlife conservation and environmental issues to facilitate resilience and sustainable development place attachment and identity social cohesion and inclusion professor fabio sani holds a chair in social and health psychology at the university of dundee his general research interest concerns the mental and physical health implications of group processes social identity and sense of belonging he has been an associate editor of the european journal of social psychology

david myers new partnership with coauthor c nathan dewall matches two dedicated educators and scholars each passionate about teaching psychological science through writing and interactive media with this new edition of the 1 bestselling psychology myers and dewall take full advantage of what an integrated text media learning combination can do new features move students from reading the chapter to actively learning online how would you know puts students in the role of scientific researcher and includes tutorials on key research design principles assess your strengths self tests help students learn a little more about themselves and include tips about nurturing key strengths these and other innovations rest on the same foundations that

have always distinguished a new david myers edition exhaustive updating hundreds of new citations captivating writing and the merging of rigorous science with a broad human perspective that engages both the mind and heart

this edition contains the following changes hundreds of new research citations representing the most exciting and important new discoveries in our field organizational changes based on changes in the field for example the heavily revised consciousness modules now follow the neuroscience modules and are titled consciousness and the two track mind to reflect the dual processing and cognitive neuroscience themes fine tuned writing with countless small and large improvements in the way concepts are presented supported by the input and creative ideas of hundreds of contributing instructors students and friends a sharp new art program that teaches more effectively continually improving coverage of cultural and gender diversity issues

the new edition of exploring psychology offers outstanding currency on the research practice and teaching of psychology myers and dewall inspire students with fascinating findings and applications effective new study tools and technologies and a compassionate and compelling storytelling voice their presentation is based on the same guiding principles behind the entire family of textbooks that have made david myers the world s bestselling introductory psychology author facilitate learning by teaching critical thinking and helping students at every step present psychology as a science emphasizing the process of inquiry and putting facts in the service of concepts make sure students come away with an appreciation of psychology s big ideas and with a deeper respect for humanity what drives us distinguishes us unifies us this exploring psychology is the first to include myers handpicked co author nathan dewall shares myers belief that instilling a sense of curiosity and inquiry about psychological science is an effective way to help students navigate the content think critically and prepare for a lifetime of learning and living the extraordinary longtime myers ancillary author team is also here a group whose teamwork consistency and commitment again sets the industry standard for instructor and student supplements

a delightful tour of the wonders of our humanity from david g myers the award winning professor and author of psychology s bestselling textbook how do we know ourselves is a thought provoking book about psychological science insights on our everyday lives david g myers shares astute observations and sharp witted wisdom to enable people to think smarter and to delight in the wonders of their lives myers s explorations range from why we so often fear the wrong things to how simply going for a walk with someone can increase rapport and empathy he covers why we repeatedly mishear song lyrics and how president obama s choice to wear only gray or blue suits supported his decision making focus and myers explores the powers and perils of our intuition explaining why anything can seem obvious once it happens each essay offers fresh insight into our sometimes bewildering but ever fascinating lives myers inspires us to grapple

with the timeless question how do we know ourselves engaging and intellectually provocative he brings his wealth of knowledge from more than fifty years of teaching and writing about psychology to this lively and informative essay collection

this version of the main text breaks down the chapters into shorter modules for more accessibility the smaller chunks allow students to better grasp and explore psychological concepts the modules also allow more flexibility in teaching as cross references to other chapters have been replaced with brief explanations

through five editions of this bestselling text david myers has guided millions of students through their introduction to psychology the tour always includes the latest research and teaching innovations and is always marked by myers genuine love of communicating the field s major ideas to an uninitiated audience

you know his name you trust his work now david myers brings you a textbook that speaks to all students regardless of their background or level of preparedness known as myers no assumptions text this book strives to make the vocabulary examples and presentations accessible to all students this briefer more colorful visually stirring text offers rich presentations of psychology s core concepts and research examined through the everyday lives of diverse people and like all david myers books the storyteller s voice is distinctive and for this edition of psychology in everyday life dr myers introduces something completely new never before found in a myers text a coauthor

david myers new partnership with coauthor c nathan dewall matches two dedicated educators and scholars each passionate about teaching psychological science through writing and interactive media with this new edition of the 1 bestselling psychology myers and dewall take full advantage of what an integrated text media learning combination can do new features move students from reading the chapter to actively learning online how would you know puts students in the role of scientific researcher and includes tutorials on key research design principles assess your strengths self tests help students learn a little more about themselves and include tips about nurturing key strengths these and other innovations rest on the same foundations that have always distinguished a new david myers edition exhaustive updating hundreds of new citations captivating writing and the merging of rigorous science with a broad human perspective that engages both the mind and heart

exploring social psychology by david myers is a brief modular introduction to social psychology with streamlined focus on issues such as belief and illusion prejudice and diversity and love and hate the brevity of each of the book s 31 stand alone modules makes this the perfect text for covering the core concepts in the field the new fourth edition contains expanded coverage of

cultural diversity and the most current research from the 21st century

announcing a new myers dewall text created specifically for the fall 2019 ap course framework you are likely familiar with the name dr david g myers now he and his new co author nathan dewall bring you a book that will allow you to use college board s new personal progress checks and dashboard more effectively this updated edition includes 100 of the new course content in the new nine unit structure all teacher and student resources will also be updated to correlate to the new student edition this includes the te trfd tb strive and launchpad everything will publish in summer 2020 such that you can use this new program for fall 2020 classes if you re not familiar with myers dewall texts you are in for a treat drs myers and dewall share a passion for the teaching of psychological science through wit humor and the telling of poignant personal stories individually identified in the text by the use of each author s initials dm and nd through close collaboration these authors produce a unified voice that will teach illuminate and inspire your ap students
