*Greve Peter Gordon Saunders University of Chicago. Law School. Perspectives on Social Welfare Politics Seminar Pierre Pestieau*

an introduction to the current debates about the future direction of welfare reform on both sides of the atlantic the first part outlines a range of different perspectives on welfare and shows how each of these perspectives rests upon a different assumption about the role and purpose of welfare policy and a different understanding of human nature and motivation some of these perspectives see the primary role of welfare as to reduce inequalities while others see the central objective as the reduction of welfare dependency the second part shows how the current debates in britain and the united states are informed by these perspectives and argues that debates about inequality and dependency are not mutually exclusive but address different dimensions of the same problem in all this text should be valuable reading for courses in social policy health and social welfare as well as those with a political and wider interest in welfare reform

new perspectives on the welfare state offers an appraisal of comparative social policy and applies it to our current uncertainties concerning european communities and european north american and east asian relationships

evaluating the welfare state social and political perspectives together with its companion social policy evaluation an economic perspective is the outgrowth of an international and interdisciplinary conference on policy evaluation held at tel aviv university in december 1980 the conference brought together scholars from the fields of economics sociology political science social work and administration the papers presented at this conference approached the welfare state and social policy evaluation from a number of different theoretical and methodological perspectives a selection of these papers has been included in this volume the book is divided into five parts part i is devoted to the political antecedents and consequences of the welfare state and to the social and psychological processes that affect the development of social policies and reactions to them part ii analyzes the discontinuity between policies that are the subject of public debate and the programs that affect the well being of populations and the distribution of resources the chapters in parts iii and iv present current developments in the practice of evaluation and explore the frontiers of this field part v focuses on the relationship of

evaluation to policymaking this involves examinations of the culture of political debates the nature of choices facing policymakers and the impact of research on policy

welfare state models have for decades been the gold standard of welfare state research beyond welfare state models escapes the straightjacket of conventional welfare state models and challenges the existing literature in two ways firstly the contributors argue that the standard typologies have omitted important aspects of welfare state development secondly the work develops and underlines the importance of a more fluid transnational conceptualisation as this book shows welfare states are not created in national isolation but are heavily influenced by transnational economic political and cultural interdependencies the authors illustrate these important points of criticism with their studies on the transnational history of social policy religion and the welfare state nordic cooperation within the fields of social policy and marriage law and the transnational contexts of national family policies this fascinating work contributes to the understanding of the current changes of welfare states by discussing the relationship between globalized capitalism and social political regulations and by arguing that transnational transformations importantly take place within and between nation states

written by internationally renowned author and scholar james midgley social welfare for a global era provides a comprehensive framework for examining social welfare from a global perspective drawing on a large body of literature and his own extensive knowledge of the field dr midgley offers students scholars and practitioners an up to date account of the complex ways social well being is enhanced in the global era including the major welfare institutions that provide a cultural context for social welfare policy and practice

this edited volume provides new empirical evidence of far reaching changes to welfare states globally which have changed the boundaries of the public and private domain within the mixed economies of welfare various modes of policy intervention are investigated providing a nuanced account of reforms in the past decade

in indian context

this book introduces students to the diversity of theoretical perspectives on welfare both illuminating the distinctiveness of each ideology and highlighting important continuities in thought it goes on to illustrate how these theories are reflected in and challenge the development of welfare policy

a common belief is that the european welfare states are in a position of crisis or heading towards one with the process of globalization removing any hopes of eventual worldwide welfare this book challenges this assumption arguing that a proper understanding of the future role of the welfare state requires a broader social perspective that encompasses the interaction of economic political and social processes the future of the welfare state provides an interdisciplinary analysis of the practical and theoretical challenges which the welfare state and progress towards world welfare can and must meet in the future

over the past few decades the welfare state has been under increasing pressure rapid social and economic change has left many people dependent on social institutions while deteriorating economic prospects have led to calls to cut welfare expenditure this book introduces key concepts in the welfare state debate and questions the arguments for further cutbacks it examines the role nature and effects of the welfare state in contemporary society the links between the welfare state and the economy particularly in australia in the 1990s the success of the australian welfare state in achieving its aims of improving economic equality and social cohesion these issues are considered in the light of the experiences of comparable countries able to offer lessons to australia written by economists in clear language the book makes an important contribution to the discussion of social issues

this book offers an account of the performance of the welfare state in the european union and explores its future prospects in an ever evolving setting the objectives of the welfare state are twofold to relieve poverty and to provide a sense of security for everyone
