The book 'Soft Skills for Career Success' plays a vital role in the soft skill development and career success of young talents since most of the companies are giving more importance to soft skill of their employees along with the technical skills. The topic soft skills become more important than ever today as companies increasingly need to become more dynamic, interconnected, and flexible. Soft skills are critical; these skills are important to fostering employee retention, improving leadership, and building a meaningful culture. The good news is that soft skills are learnable. This book covers all the topics related to the area soft skills that you are sure to get some interesting nugget of wisdom from it. Each topic has a clear description which would enable the readers to comprehend easily. This book will also support young people in choosing rewarding and successful careers consistent with your personality and character. This book is an excellent tool for individuals preparing to look for or start new jobs as well as individuals who are currently working but need to step back and evaluate their performance. It is a practical, helpful book about the employability skills which are absolutely necessary to attain glorious career success. The book style is challenging and playful, serious and engaging, and a stepping stone to developing the soft skills indispensable to climb heights in one's career.

Soft skills are the cluster of personality traits, social graces, communication, language, personal habits, friendliness, and optimism that characterize relationships with other people in increasingly competitive environments. Soft skills training can be a vital resource. Soft skills revolution offers trainers, organizational leaders, and HR professionals a handy guide for building their soft skills through a variety of methods including individualized exercises and activities and structured training programs as well as informal learning, mentoring, and coaching. The book offers readers information on the background of soft skills development and suggestions for enhancing soft skills through traditional learning programs as well as informal learning approaches. Soft skills revolution contains practical guidance for creating an engaging learning experience that highlights such important concepts as components for clear communication, the power of yes, listening, and the language of acceptance; a nine-step model for problem-solving interventions for moving a team to results; giving helpful feedback; moving from conflict to cooperation; in addition, the leader's connection section is designed for upper-level management and facilitators who want to help organizational leaders integrate the book's important concepts and skills into their interactions with team and staff members. Kamin's engaging writing style, deep and down-to-earth, at the same time makes this book an easy learning experience of the hard soft skills we all need to master. By developing these soft skills, we can make our world a better place. Isabel Rimanoczy, LegacyCoach, Director, Minerva's Women Changing the World, and author of Big Bang Being Kamin, has mastered the challenge of bringing soft skills to life. Her simple definitions, clear examples, references to seminal authors, focused questions, conceptual frameworks, and helpful hints invite and encourage the reader to make these

soft skills her his own ernie turner president lim llc and author of action reflection learning
