learn how to improve teen services in public libraries by better understanding teen development and having positive interactions with teens to provide appropriate and interesting collections and services a library can be a tremendous resource for teens one that helps them to learn about themselves and the world they live in but teenagers are intrinsically different from children and from adults and these critical developmental differences affect the ways they interact with others both in the world at large and in the library serving teens effectively in the library requires a basic understanding of who teens are and the developmental tasks they face factors

that affect all aspects of library service from the specific programs and services we offer to the ways that staff provide assistance to the teen who is seeking help at a library service desk this book enables library workers to better understand adolescent development which allows them to provide a positive library experience for teens readers will learn how to supply excellent library services with and for teens including in the areas of collection development readers advisory reference and homework help programming and advocacy the book identifies the best ways to have positive interactions with teens in the library based on their mental development and details best practices for teen services the concluding section discusses advocating for teens with emphasis on their right to privacy and equal access to materials and services

books do not just contain texts books themselves are cultural artefacts which convey many meanings in their own right meanings which interact with the texts they contain awareness of the many significances of books as cultural and textual objects reshapes the traditional disciplines of textual theory analytic bibliography codicology and palaeography while the advent of electronic books and digital methods for representing print books is introducing a new dimension to our understanding seven essays in this volume ranging over medieval portuguese and swedish manuscripts eighteenth century icelandic editions australian playtexts thackeray and anita brookner and stefan george consider these questions from the broad perspective of textual scholarship texts may exist on the borderland of word and not word or they may spring from borderlands of nation or culture or they may be considered from the margins of neighbouring disciplines so readers must set the texts within contexts to see the play of text against border essays in this volume explore different texts against varying backgrounds pound s cantos joyce s ulysses trollope s an eye for an eye woolf s the waves while essays by mcgann and lernout argue the dimensionality of text on the intersection of print and digital media implicit in all these essays is the contention that textual scholarship must influence literary interpretation two final essays focus directly on this in the cases of melville s moby dick and emily dickinson s late fragments an extensive reviews section completes this volume
