this book offers new and challenging approaches to business ethics that successfully link theory and practice thereby overcoming lacunae and inadequacies in much of the literature concerning ethics and governance a theme that recurs with remarkable frequency in the history of business ethics as an academic discipline this work provides imaginative and innovative proposals for the indispensable coupling of virtue integrity and character with global business finance and banking the volume seeks to overcome the marginal status of business ethics in universities business and enterprise by demonstrating that virtue ethics is an important step in the direction of an adequate response to the leadership issue this new edition of a popular work points to new ways of achieving an ever more urgent coalescence of ethics and business it proposes practical advice and viable suggestions to business people on what is right and wrong in business the volume makes a vital contribution in the area of education that should serve the ongoing development of top leaders in the important domain of women in leadership the volume provides new solutions that break boundaries on the global stage the work challenges unethical marketing of human images with important implications for citizenship and society the volume contains creative suggestions for the use of spirituality and human development for the enhancement of business and society the significantly extended second edition includes an exciting line up of leading academics and practitioners in the audacious hope that something may change for the better in the realms of business and banking

this book analyzes the implementation of csr reporting and codes of business conduct and ethics in the legal systems of the usa austria and china and their enforcement in international supply chain arbitrations the book demonstrates that long term profit maximization is increasingly intertwined with corporate ethics and csr policies in order to prevent window dressing and greenwashing certain control mechanisms and legal standards are required along the entire supply chain this book introduces an ethics and csr system recommending a reward based whistleblowing mechanism internal oversight by a csr and ethics committee comprised of independent board members and at least one sustainability expert and an external independent and comprehensive assurance of csr reports provided by auditing firms or newly formed governmental agencies consisting of certified csr experts the author emphasizes the significance for supply chain leaders to ensure contractual enforcement of their codes of business ethics and conduct along the supply chain against this

background the author created a comprehensive fictitious case scenario covering a supply chain dispute arising from the breach of the supply chain leader's code of business conduct and ethics by a lower tier supply chain member the author acknowledges the fact that in most of the cases the governing law of international supply chain contracts is english law or law based on english law thus the author discusses potential contractual claims for damages arising from a loss of profits caused by a loss of reputation resulting from violations of core provisions of the chain leader's supplier code of conduct pursuant to english law as international supply chain disputes usually involve more than two parties and international arbitration is the ideal means for the resolution of these disputes the book compares the arbitration rules for consolidations and joinders of some of the most significant international arbitration institutions siac icc aiac icdr viac cieta and hkiac the book is directed at legal practitioners legislators of various jurisdictions board members of corporations ethics and compliance officers academics researchers and students it is the author's main goal that the book serves as an inspirational source for the establishment or the improvement of a corporate ethics and csr system preventing window dressing and greenwashing and covering the entire supply chain furthermore it is intended that students develop a deeper understanding for the enforcement of corporate ethics and csr policies
