explores the religious experiences of jesus paul and the early church with special emphasis on the holy spirit and charismatic experiences

only through spirituality can man's meanness and smallness be conquered and his divine nature manifested to transform materialistic influences requires a gigantic spiritual effort and living spiritual inspiration this can only be achieved by a great spiritual master jesus christ who by millions of people is regarded as an incarnation of god came into our world to teach us spiritual truths by which we can be free from bondage and attain immortality his teaching does not consist of mere words but is based on his own realization in silent prayer his spirituality was not like something grafted on his personality reality and strength were exhibited in his mode of life and his activities he came to this world as the divine light to show the path which leads to god to human beings who forgot about him in their deep immersion in the vast ocean of worldliness his spiritual life inspires us this book is an attempt to study the teachings and activities of jesus christ for our spiritual development interreligious learning is the norm today and we have much to learn from how people in other faiths see and interpret even our most fundamental and treasured beliefs but we need to learn well we need stellar examples of deep learning shyam sundar goswami's jesus christ and yoga goes deep into the mystery of jesus in great detail and with great imagination drawing on every resource available to the goswami jesus is seen differently indeed from this fresh perspective even as yoga itself is transformed in the light of christ the great yogi goswami's classic study accessible once more is now more timely than ever francis x clooney sj parkman professor of divinity harvard university sri goswami's remarkable familiarity with the teachings of jesus and his citations of corresponding teachings by the seers of ancient india offer a significant learning experience for both christians and members of eastern religions the notable resonance albeit not complete between classical yoga teaching and aspects of christian theology and spiritual practice takes yoga far beyond being just a physical feel good experience into being a means for acquiring divine knowledge and deepening one's relationship with god fr thomas ryan csp author of prayer of heart and body meditation and yoga as christian spiritual practice

old christianity has certainly done a great service to this world though skimming over the

surface of jesuss guidelines what is most needed now is a fresh comprehension of his real mind and human saga rather than reviving primitive christianity we must go forward from where we find ourselves the master said it bluntly to his early disciples i still have much more to say to you more than you can now bear but when he the spirit of the truth comes he will guide you into all truth jesuss modern disciples should become in this era of knowledge an overflowing source of inspiration and superior motivation to all men and women religion is only an exalted humanism until it is made divine by enmeshing the heavenly spirit with the human experience

this is a collection of lessons i have learned on my pilgrimage through life for over 40 years god has patiently shared his love with me and showed me his purpose for creating mankind in his image the inspirations were received mostly through the bible which i have studied extensively in various translations of scripture and commentaries

reflects on some traditional christological titles using them as windows through which to gaze on the inexhaustible mystery of the crucified and risen jesus each window provides some insight into a dimension of the person of jesus and his life giving action in our lives

an inspiring book on the spirituality of following christ continuing peterson s major evaluation of contemporary christian spirituality the jesus way asks what it means to authentically follow christ in the modern world as with other books in the series the jesus way is written for both academic and serious lay audiences challenging but rewarding it combines first rate scholarship with illustrations drawn from raw human experience also available in the spiritual theology series christ plays in ten thousand places eat this book the word made flesh and practise resurrection

criticism on the life of jesus during the past century has been greatly to the fore a complete account of this criticism will be found in the luminous sketch made by m sabatier 1 in which the entire history and present state of this investigation are given sufficient for the moment to refer to the two principal phases supplied by strauss and renan with the object of determining the new point of view i now wish to offer departing from the

philosophical school of hegel to ally himself with the critical and historical one of bauer strauss without denying the existence of jesus endeavored to prove that his life as related in the gospels is a myth a legend created by popular imagination to meet the necessities of a rising christianity and in accordance with old testament prophecy his position a purely negative one but which he defended with great skill and erudition has been found true in certain details but quite untenable in its entirety and essential elements it has in addition the grave defect of explaining neither the character of jesus nor the origin of christianity the life of jesus according to strauss is a planetary system without a sun one merit however must be granted this work that of having transferred the problem from the ground of dogmatic theology to that of textual and historical criticism m renan s vie de jesus owes its brilliant success to its lofty æsthetic and literary qualities as well as to the boldness of the writer the first who dared make the life of the christ a problem of human psychology has he solved the problem after the dazzling success of the book the general opinion of all serious critics has been in the negative the jesus of m renan begins his career as a gentle dreamer an enthusiastic but simpleminded moralist he ends it as a violent thaumaturgist devoid of all idea of reality in spite of all the precautions of the historian says m sabatier it is the march of a healthy mind in the direction of madness the christ of m renan hovers between the calculations of ambition and the dreams of a seer the fact is that he becomes the messiah without wishing almost without knowing it he permits himself to be given this name merely to please the apostles and to fulfil the popular wish it is not with so feeble a faith that a true prophet creates a new religion and changes the soul of the earth the life of jesus according to m renan is a planetary system illumined by a pallid sun devoid of vivifying magnetism or creative heat how did jesus become the messiah that is the primordial question the solution of which is essential to the right understanding of the christ it is also that before which m renan hesitated and turned aside m théodore klein saw that this question must be boldly faced das leben jesu zürich 1875 3rd edition his life of jesus is the most remarkable that has appeared since m renan s it throws on the question all the light given by texts and history esoterically interpreted but the problem is not one capable of being solved without the aid of intuition and esoteric tradition it is by means of this esoteric light the inner flame of all religions the central truth of all fruitful philosophy that i have attempted to reconstruct along its main lines the life of

jesus taking into account whatever previous historical criticism has hitherto cleared and prepared the ground no need to define what i mean by the esoteric point of view the synthesis of religion and science concerning the historical and relative value of the gospels i have taken the three synoptical gospels those of matthew mark and luke as a basis and that of john as the arcanum of the esoteric teaching of the christ at the same time acknowledging the subsequent language and form and the symbolical tendency of this gospel all four gospels which should be mutually examined and verified are equally authentic though from different claims those of matthew and mark are precious gospels of letter and fact therein are to be found the public deeds and words of the christ the gentle luke affords a glimpse of the mystery meaning beneath the poetical legend veil it is the gospel of the soul of woman and of love saint john unfolds these mysteries in his gospel are to be found the inner depths of the doctrine the secret teaching the meaning of the promise the esoteric reserve clement of alexandria one of the few christian bishops who held the key to universal esoterism rightly named it the gospel of the spirit john has a profound insight of the transcendent truths revealed by the master and a great facility in presenting them accordingly his symbol is the eagle whose wing cleaves the firmament and whose flaming eye encompasses the depths of space

the traditional venues for making sense of the complicated apostle paul are history and theology indeed one cannot understand him apart from either however something is still missing from our portrait of paul rather than thinking of paul as a theologian and an apostle leslie hardin argues there is great benefit in approaching him as a disciple a spirit filled man who wanted to pass vibrant spirituality on to those he encountered in the spirituality of paul hardin uncovers the things paul practiced in his own life and those he taught his followers in order to attempt to live an authentic spirit filled christian life hardin points out that in order to foster the power of the spirit paul like each of us had to dedicate himself to everyday routines and practices what were those spiritual disciplines how did they help him and how might they be applied in our modern lives to bring us closer to christ whether a general reader or mature believer the reader of this book will find paul to be a true brother a fellow sinner receiving grace

i m going to be perfectly honest with you without a humble heart you will not be able to

finish this book because it's not about us it's about him but if you're truly ready to take a leap of faith and experience the good news of Jesus Christ this book is for you along the way with the use of hundreds of Bible verses for support you will also learn the answers to often asked questions such as why should we trust the words of the Bible do we have to repent of all our sins to go to heaven do we have to be baptized do we have to go to church what does it mean to be born again what happens if we sin after we're saved can we lose our salvation what about the people who've never heard of Jesus to find out what God's words have to say about all of this and more you'll need to buckle up put on your spiritual helmet and check your pride at the door as we take this Biblical journey together in spirit and truth

for Paul Ferrini there was a time when the very thought of Jesus left him cold instead of embodying the truth of Jesus teaching Christianity seemed to harbor the fearful thoughts and actions of people who were more committed to self-interest than to unconditional love so when Ferrini felt Jesus voice inside him saying I want you to acknowledge me he resisted in time however he came to realize that it was not Jesus he was rejecting but the untruths that had become attached to Christian teaching responding to the inner voice did not mean merely acknowledging Jesus as some great teacher who lived in the past but also meant that he was opening himself up to a living presence within his own awareness once Ferrini reached this reconciliation powerful words of spiritual truth began to flow through him reflections of the Christ mind presents the most important teachings the author has received through his spiritual awakening here at last is a gospel devoted solely to Jesus teachings of love healing and forgiveness the teacher readers meet in these pages is both compassionate and open minded he is the Jesus Christians know in their hearts repudiating religious hypocrisy intolerance and spiritual pride Ferrini rejects the dogmatic position of the church offering instead words of hope and healing that form the new gospel for today

take a look into your spiritual mirror if you are a new Christian maybe recently recommitted or a self-proclaimed old soul in the faith this book is for you also if you are seeking for something but not sure what it is then I challenge you to read this book with an open heart I wrote this book as a calling to better understand what it means to be

christian myself we often hear people use the name god in their daily lives but are often confused as to the context or purpose i found that the simple truth is we should reflect the life teachings and love of jesus each chapter will challenge you to look deeper into your own reflection both spiritually and physically this book can provide a great tool for spiritual reflection and self analysis that may benefit you in every area of your life i have also provided an eight week study guide to work through individually or as a small group

jesus world was far more religiously pluralistic than most of us imagine he grew up and headquartered his ministry in galilee of the gentiles he regularly rubbed shoulders with polytheistic and superstitious romans with philosophical and sophisticated greeks with hard partying pagans and with god fearing africans the bible tells us that jesus unlike his fellow countrymen did not avoid the despised and syncretistic samaritans nor did jesus shun the jews who were considered persona non grata in the local synagogues like those who worked for the occupying government or who rejected hebrew ways in favor of greek or who lived hellion lifestyles moreover jesus interacted with individuals representing all of the major sects of judaism saducees pharisees zealots and essenes and these included a huge variety of spiritual expression from the emotional to the contemplative from the spontaneous to the staid from bible thumpers to compassion lovers from those who push religion to the four corners of their lives while others passionately seek to push it to the four corners of the globe is there some way to categorize organize and understand the varieties of spiritual expression that jesus encountered is it possible that the kinds of people jesus dealt with in his day are similar to the ones we face today are there prototypical and stereotypical religious patterns to which people gravitate and why do we do so if we lived in jesus day what spiritual camp would be most like ours how would jesus approach us what would he do with us what would our spiritual profile be
