what accounts for miraculous healings unexplainable by doctors is there a reality to spiritual healings william gladstone initially approached dr zhi gang sha with some skepticism and disbelief william believed that there was more to life than the material world but he knew that the world has many dishonest and self deceiving mystics so he decided to explore william having studied medical anthropology at harvard university had met and worked with some of the greatest spiritual leaders on the planet he was excited to explore dr sha and his healing practices william spent weeks with dr sha watching him at work talking to his students and observing his healings he interviewed him at length asking for specifics and addressing difficult questions he delved into the science behind dr sha s work and explored the underlying concepts beneath these miracle healings what william learned amazed him and opened his mind to possibilities he never expected dr zhi gang sha is a medical doctor trained in both western medicine and traditional chinese medicine as well as ancient chinese sacred energy and spiritual healing over the last decade he has healed hundreds of thousands of individuals with thousands documented and available for viewing on youtube how does he do it is it the placebo effect or something much more profound dr and master sha miracle soul healer documents the remarkable journey of a world renowned spiritual teacher and master healer who has not only demonstrated the ability to heal but also to teach people to heal themselves written for skeptics as well as believers dr and master sha miracle soul healer explores the results and methodology of dr sha s unique life journey and his stated life mission to serve humanity and the divine and create a healthier and happier world this book explores the ultimate mystery of how faith science and healing can change your life

the world stands before a landmark date october 31 2017 the quincentennial of the protestant reformation countries social movements churches universities seminaries

and other institutions shaped by protestantism face a daunting question how should the reformation be commemorated 500 years after the fact in this volume leading historians and theologians protestant and catholic come together to grapple with this question and examine the historical significance of the reformation protestantism has been credited for restoring essential christian truth blamed for disastrous church divisions and invoked as the cause of modern liberalism capitalism democracy individualism modern science secularism and so much else this book examines the historical significance of the reformation and considers how we might expand and enrich the ongoing conversation about protestantism s impact the contributors conclude that we must remember the reformation not only because of the enduring sometimes painful religious divisions that emerged from this era but also because a historical understanding of the reformation is necessary for promoting ecumenical understanding and thinking wisely about the future of christianity

as we try to understand ourselves and the world we live in all too often we look first to science and then if gaps remain in our understanding we try to fill the gaps with reference to god and our faith such a god of the gaps approach has a long history and is sadly alive and well today this book was written to provide an alternative approach posing this basic question how can educated christians maintain their intellectual honesty and at the same time be faithful both to scripture and to science this book provides examples of some of the liveliest science vs faith issues today and suggests ways to think constructively about each of them

can science psychology and biology explain miracles this work explores this subject it examines miracles of body mind and spirit presenting the research and writing on these uncommon events
