the new edition of a popular guide to the key issues in tax reform presented in a clear nontechnical and unbiased way to follow the debate over tax reform the interested citizen is often forced to choose between misleading sound bites and academic treatises taxing ourselves bridges the gap between the oversimplified and the arcane presenting the key issues clearly and without a political agenda tax policy experts joel slemrod and jon bakija lay out in accessible language what is known and not known about how taxes affect the economy and offer guidelines for evaluating tax systems both the current tax system and proposals to reform it this fifth edition has been extensively revised to incorporate the latest data empirical evidence and tax law it offers new material on recent tax reform proposals expanded coverage of international tax issues and the latest enforcement initiatives offering historical perspectives outlining the basic criteria by which tax policy should be judged fairness economic impact enforceability examining proposals for both radical change replacement of the income tax with a flat tax or consumption tax and incremental changes to the current system and concluding with a voter s guide the book provides readers with enough background to make informed judgments about how we should tax ourselves praise for earlier editions an excellent book jeff medrick new york times a fair minded exposition of a politically loaded subject kirkus reviews

andy puzder the former ceo of carl s jr and hardee s says that capitalism is not a dirty word and thankfully president trump understands this his pro business policies will bring back economic growth and secure our future as a successful ceo in the restaurant industry andy puzder uniquely understands how important the profit motive is to our country s ultimate prosperity furthermore as the grandson of immigrants the son of a car salesman and someone who worked his way up from earning minimum wage to running an international business he has a first hand view of how america s exceptional capitalist spirit can lift everyone to

success in 2016 the american people faced a stark choice between two very different presidential candidates hillary clinton spent most of her adult life involved in politics and promised to uphold and advance the progressive legacy of president barack obama who had first won the white house on promises to spread the wealth around donald trump on the other hand came from the business world was an unapologetic capitalist used his own personal wealth as inspiration and promised simply to make america great again by choosing trump over clinton the american people put a stop to decades of government expansion under progressive leadership and they might just have saved our economy by doing so america was once a land where everyone was encouraged to seek their fortune the more prosperous our citizens the more our whole society could in turn prosper but leftist forces in the united states have been seeking to tarnish the pursuit of prosperity and to paint profit as an evil motivation fit only for greedy plutocrats andrew puzder understands this first hand after a progressive smear campaign stopped him from joining president trump s cabinet as puzder explains in his new book the capitalist comeback this was an act of desperation from a left wing facing irrelevance with a pro business president in the white house from its roots in the progressive era to labor unions to education to entertainment to its political resurgence with avowed socialist candidates such as bernie sanders puzder traces the development of the anti profit forces in the united states and shows how under president trump they can be vanquished for good

published annually state rankings features comprehensive state statistics making it easy to compare states across key measures in education health crime transportation taxes government finance and so much more the editors compile useful statistics that would otherwise take an enormous amount of time to research making it a favorite resource on reference shelves throughout the united states and around the world the rankings have been updated using specific methodology explained in the introduction geographic and data notes are also included to provide context state rankings compares every state and washington dc in the following areas agriculture population economy environment government finance crime education geography social welfare defense health energy

housing

this volume covers the federal taxes on estates gifts generation skipping transfers and income it sets out principles of substantive law analyzes them and then shows the operation of those principles with hypothetical illustrations

using a power struggles theme to examine the dynamics of budgeting rubin s classic text shines a bright light on the political jockeying between interest groups parties officials policymakers and the public expert at explaining budgeting changes over time rubin sets issues like the federal deficit and health care expenditures in political and comparative context analyzing each strand of the decision making process rubin shows the extraordinary coordination involved in passing a budget and achieving accountability

in his remarkable men s journal and controversial fortune book written in a wry amusing style the guardian bruce cannon gibney shows how america was hijacked by the boomers a generation whose reckless self indulgence degraded the foundations of american prosperity in a generation of sociopaths gibney examines the disastrous policies of the most powerful generation in modern history showing how the boomers ruthlessly enriched themselves at the expense of future generations acting without empathy prudence or respect for facts acting in other words as sociopaths the boomers turned american dynamism into stagnation inequality and bipartisan fiasco the boomers have set a time bomb for the 2030s when damage to social security public finances and the environment will become catastrophic and possibly irreversible and when not coincidentally boomers will be dying off gibney argues that younger generations have a fleeting window to hold the boomers accountable and begin restoring america

this title provides the latest techniques for building and conserving wealth through proactive tax planning and investment strategies completely updated for tax law changes this book will bring you up to date on the latest strategies that will keep more money in the

hands of clients and make their accountant look like a hero this book will help determine when selling capital assets business assets and real estate are to a client s advantage apply like kind exchange rules under section 1031 identify ways to advise clients on how to minimize taxes on employer stock options and employer stock held in qualified retirement plan accounts differentiate between incentive stock options isos and nonqualified stock options nqsos determine ways to help clients obtain maximum tax savings from vacation home and timeshare properties differentiate between the rules for regular vacation homes timeshares and co ownership deals determine appropriate federal income tax advice for clients who are separated divorcing or divorced recall ways to help middle class clients identify college financing tax breaks identify tax saving college financing manoeuvres for higher income clients who are ineligible for the well known education tax breaks identify strategies of husband wife businesses that will reduce social security and medicare taxes identify strategies for how parents can employ their children through their closely held business

there are only two ways that humans work together they cooperate with one another or they coerce one another and once you realize this fundamental fact it will change how you see the world in this myth busting book antony davies and james r harrigan display the wisdom and talent for explaining complex topics that have attracted a devoted audience to their weekly podcast words numbers and made them popular speakers around the country by looking for cooperation and coercion in everyday life they help make sense of a wide range of issues that dominate the public debate you ll come away from this book with a clear understanding of everything from the minimum wage to taxes from gun control to government regulations from the war on terror to the war on drugs to the war on poverty it turns out that coercion is necessary sometimes even in a democracy we all abide by rules including plenty that we don t agree with in the name of getting along but in the end davies and harrigan show cooperation without question is the key to human happiness and progress the more we encourage it the better off we all are cooperation coercion cuts through heated partisan debates to provide a refreshingly clear and comprehensive understanding of the way the world works
