The novel sustains throughout its length something approaching poetry and it is rich in understanding and insight. The translation by Edwin McClellan is extremely good. Anthony West, the New Yorker, *Kokoro*, which means the heart of things, explores emotions familiar to everyone: love and hate, hope and despair, companionship and loneliness. *Sensei*, a man seen against the rich background of old Japan entering the modern era, is outwardly successful; he has position, wealth, a charming wife, but deep in the heart of things he is harried with a profound sense of isolation whose cure lies only in faith, madness or death. His long hidden secret divulged to a young friend who faces a similar dilemma is told with mounting intensity. *Sensei* confesses the crime of his young manhood, a crime in which with all the appearance of innocence he destroyed his best friend, the woman he loved and himself. The genius of Natsume Soseki, Japan's greatest modern novelist, lies in his ability to express universal emotions with the beautiful restraint of the Japanese spirit under his pen. Themes which have become almost hackneyed take on new fascination and vigor.

The Cambridge History of Japanese Literature provides for the first time a history of Japanese literature with comprehensive coverage of the premodern and modern eras in a single volume. The book is arranged topically in a series of short, accessible

chapters for easy access and reference giving insight into both canonical texts and many lesser known popular genres from centuries old folk literature to the detective fiction of modern times the various period introductions provide an overview of recurrent issues that span many decades if not centuries the book also places japanese literature in a wider east asian tradition of sinitic writing and provides comprehensive coverage of women s literature as well as new popular literary forms including manga comic books an extensive bibliography of works in english enables readers to continue to explore this rich tradition through translations and secondary reading
