international interdisciplinary journal discussing the relations between society and space space is broadly conceived from landscapes of the body to global geographies from cyberspace to old growth forests as metaphorical and material as theoretical construct and empirical fact covers

both practical politics and the abstractions of social theory

this volume is a compilation of articles written by renowned scholars and promising young researchers in which the jewish space is revealed as diverse forms of life and relations that developed in the rich context of urbanism social life leisure and economic activities and coexistence with the non jewish world having undergone various transformations the jewish space has preserved its authenticity and individuality in the book the jewish space is analysed in a wide chronological perspective from the viewpoint of literature history architecture and social relations this volume will be of interest to anyone interested in various forms of entertainment sports leisure cabaret parties living participation in social life reading and writing of jews in eastern european towns and shtetls in the 19th and early 20th century

this volume explores the discursive nature of post 1989 social change in central and eastern europe through a set of national case studies the construction of post communist transformation is explored from the point of view of accelerating and unique dynamics of linguistic and discursive practices

the purpose of this volume is to bring together a set of chapters that investigate the communication practices through which chinese societies are creating their civil foundations for the next millennium civic discourse civil society and chinese communities reflects both the emphasis on analyzing specific discursive practices in particular chinese societies and on understanding the role that discursive practices play in the development of civil society more generally

written by leading authorities in international social work this book addresses complex issues of ethnicity and racial discrimination the contributors focus on innovative theories and practice designed to promote an emancipatory social work which sets itself the goal of eradicating social injustice

in a focused and compelling discussion anis bawarshi looks to genre theory for what it can contribute to a refined understanding of invention in describing what he calls the genre function he explores what is at stake for the study and teaching of writing to imagine invention as a way

that writers locate themselves via genres within various positions and activities he argues in fact that invention is a process in which writers are acted upon by genres as much as they act themselves such an approach naturally requires the composition scholar to replace invention from the writer to the sites of action the genres in which the writer participates this move calls for a thoroughly rhetorical view of invention roughly in the tradition of Richard Young Janice Lauer and those who have followed them instead of mastering notions of good writing Bawarshi feels that students gain more from learning how to adapt socially and rhetorically as they move from one genred site of action to the next

a report from the front lines of cultural activism that looks at spatial practitioners who actively trespass into neighboring or alien fields of knowledge

uses and abuses of cooperation in a digital age toward a rationale for future event based information services contingency and contradiction the place s of the library at the dawn of the new millennium a rationale for the redesign of scholarly information exchange toward a redefinition of library services managing traditional materials in an online environment some definitions and distinctions for a future collection management library functions scholarly communication and the foundations of the digital library laying claim to the control zone humanities scholarship and the research library access ownership and the future of collection development the academic library collection in an online environment crisis and opportunity reevaluating acquisitions budgeting in an age of transition the coming contest networks hypertext and academic information services some longer range implications mass deacidification in the context of access time reduction in defense of relativism the acquisitions librarian as change agent in the transition to the electronic library the conditions of collection development text mutability and collection administration preservation and collection development toward a political synthesis the role of abstraction in bibliography and collection development old forms new forms the challenge of collection development preparation for privation the year s work in collection management 1987 selection for preservation a materialistic approach the language of the levels reflections on the communication of collection development policy the citation as intertext toward a theory of the selection process
